

ANNUAL SECURITY AND FIRE SAFETY REPORT

2016

BOISE STATE UNIVERSITY

DEPARTMENT OF PUBLIC SAFETY

This is the Annual Security and Fire Safety Report for the Boise State University Main, Downtown, Center at CWI, College of Southern Idaho, Gowen Field, Mountain Home Air Force Base, Lewis-Clark State College, and Lewis-Clark State College at North Idaho College Campuses.

Boise State University

2016 Annual Security and Fire Safety Report

Letter from the Chief Operating Officer

At Boise State University, we are committed to providing a safe and secure environment for students, staff, faculty, and visitors. Our goal is to do so through professionalism, integrity, and respect.

Boise State University is a multi-faceted institution of higher education, comprising approximately 289 acres. Our campus locations educate 20,033 students, and we employ 3,624 faculty and staff. The enclosed Boise State University 2016 Annual Security and Fire Safety Report has been prepared by Boise State's Department of Public Safety in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, and more importantly, reflects our commitment to providing information on our efforts to provide a safe learning environment.

Please take a moment to review the information in this report on safety and security at all Boise State owned and operated premises. In this report you will find information on University facilities and property, policies and procedures for reporting crime, safety and protection programs, victims' assistance programs, and annual crime statistics. This report also contains contact and other information for the Department of Public Safety, including its ongoing relationship with the City of Boise Police Department.

I encourage you to familiarize yourself with this information as we strive to keep our community safe. The safety and well-being of our students, faculty, staff, and visitors are always our top priority.

Very Truly Yours,

Kevin D. Satterlee
Chief Operating Officer,
Vice President and Special Counsel

Boise State University

2016 Annual Security and Fire Safety Report

Introduction

Boise State University is a state-supported institution of higher education located within the city of Boise, Idaho. Campus properties encompass approximately 289 acres, which includes academic buildings, associated auxiliary facilities, and a considerable number of outlying residence-type buildings used for academic and associated purposes. Instructional, vocational-type, separate remote campuses and retail facilities are also maintained and operated in Boise, Meridian, Mountain Home, and Twin Falls, Idaho. A sorority house (a non-campus remote facility) is also maintained and operated in Boise, Idaho.

20,033 students are enrolled at Boise State University, including 791 international students from 65 different countries. Additionally, the University employs 3,624 faculty and staff and 2,062 student employees.

Annual Security and Fire Safety Report

The Boise State University 2016 Annual Security and Fire Safety Report is provided to students, faculty, staff, and the public as part of Boise State University's commitment to safety and security on campus, and in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. This report is prepared in cooperation with various Boise State departments, which provide annual updated information on their educational efforts and programs to comply with the law. Campus crime, arrests, and referral statistics are collected from reports to the Department of Public Safety, Boise Police Department (BPD), Human Resource Services, the Office of the Dean of Students, Office of Institutional Compliance and Ethics, Athletics, local law enforcement agencies, and campus community members designated "Campus Security Authorities". This report is the Annual Security Report for the Boise State main campus and also for Boise State's separate campuses, including the Downtown, Boise State Center at CWI, Lewis-Clark State College, Lewis-Clark State College at North Idaho College, College of Southern Idaho, Mountain Home Air Force Base and Gowen Field Campuses. Crime statistics for the separate campuses are collected from local law enforcement agencies as well Boise State Campus Security Authorities. This report is the Annual Fire Safety Report only for the Boise State main campus as Boise State does not own or control housing space at any of its separate campuses.

The information contained in this report is intended to educate you about the policies, procedures, and programs that exist to assist you in protecting your safety and wellbeing. It is also intended to inform the campus community, and prospective members of the campus community, about reports of crimes that occurred on or near certain properties Boise State owns or controls.

Boise State University

2016 Annual Security and Fire Safety Report

Department of Public Safety

As of July 1st 2016, Campus Security and Police Services merged with Transportation and Parking Services to form the Department of Public Safety. The Department operates 24 hours a day, 7 days a week. The Department is staffed with both sworn and unsworn personnel including trained professional Boise State Community Service Officers (unsworn) and City of Boise Police Officers (sworn). The Department of Public Safety splits into two bureaus: Operations and Services. The Services Bureau is primarily responsible for overseeing Boise State's security and police program.

Boise State Community Service Officers are responsible for building security and patrol, grounds security and patrol, parking enforcement, policy enforcement, citizen assistance, and emergency response. Community Service Officers patrol the main campus, on-campus residence halls and certain nearby off-campus University properties throughout the day, every day of the week. Community Service Officers are certified in first aid, CPR, and AED. Full-time Community Service Officers are required to complete the 80-hour Western Association of Campus Law Enforcement Administrators' Basic Academy. All Community Service Officers also receive continual training throughout the year. Community Service Officers do not carry firearms and do not have arrest authority.

The Department of Public Safety also has administrative responsibility for law enforcement activities on campus. While Boise Police Department (BPD) officers have jurisdiction throughout the city limits of Boise, Boise State also has a contract with BPD to provide supplemental police services specifically to the main Boise State campus, University-leased student housing, and at certain local off-campus locations the University owns or controls. BPD is also the agency providing law enforcement services to public property contiguous to the Boise State Main and Downtown campuses. These BPD officers are stationed at the Department of Public Safety substation and work in concert with Boise State Community Service Officers. BPD is responsible for law enforcement, investigations of alleged criminal offenses, crime prevention programs, reporting criminal activity and crime-related problems on campus, and emergency response at Boise State.

BPD has 1 lieutenant, 6 officers, and 4.2 dispatchers assigned to Boise State University. At least one officer and one dispatcher are on-duty on campus 24 hours a day, 7 days a week.

BPD officers have full law enforcement authority and have completed the Peace Officers Standards and Training (POST) Academy. BPD officers receive regular training on areas such as emergency first aid, criminal law, firearms, crisis intervention, arrest procedures, victim response,

Boise State University

2016 Annual Security and Fire Safety Report

and crime prevention. Police officers are empowered by Idaho law to make arrests, investigate crimes, and carry firearms on campus.

The rest of the Boise State security team consists of the following personnel:

- Executive Director of the Department of Public Safety
- Associate Director of the Department of Public Safety
- Assistant Director – Security and Event Management
- Manager – Integrated Security Technology
- Manager – Compliance and Crime Analysis
- Manager – Emergency Preparedness and Continuity Planning
- Manager – Security Operations
- Management Assistant
- Community Service Supervisors and Officers (full time and part time)
- Traffic Event Supervisors and Specialists (full time and part time)

Information concerning security for Boise State’s separate campuses is covered in those sections of this report.

Working Relationship with Other Law Enforcement Agencies

The Department of Public Safety maintains a close working relationship with city, county, state, and federal law enforcement agencies, as well as all appropriate elements of the criminal justice system. Crime-related reports and statistics are routinely exchanged and personnel from city, county, state and federal law enforcement agencies routinely assist the Department of Public Safety during football games and other major events or emergencies that occur on campus. Department of Public Safety personnel also participate in the Joint Terrorism Task Force and routinely work with the Idaho Criminal Intelligence Center.

Some recognized student organizations maintain either meeting and/or living facilities off campus. Through the contract between BPD and the Department of Public Safety, any reports related to criminal activity associated with recognized student organizations at off-campus facilities are shared or reported to the Department of Public Safety. These crime statistics are included in the non-campus crime statistics category in this report, and these criminal activity reports are subsequently shared with the appropriate University officials.

Crime Reporting Procedures and Response to Crime Reports

Boise State always advocates the prompt and accurate reporting of all crimes. Members of the University community are encouraged to report any criminal or suspicious activities that occur on campus property to the Department of Public Safety immediately, including when the victim of a

Boise State University

2016 Annual Security and Fire Safety Report

crime elects to or is unable (physically/mentally) to make such a report. For emergencies, dial 9-1-1. To report a crime in person, you can locate the Department of Public Safety office in Capitol Village at 2245 University Drive, Boise, Idaho, 83706. The office is open 24 hours a day, 7 days a week. Crimes reported to the Department of Public Safety are used for tallying Boise State's annual statistical disclosure of Clery Act Crimes and may be the basis for issuing a campus alert, such as a [Timely Warning](#) or [Emergency Notification](#). Crime reporting for Boise State's separate campuses is covered in those sections of this report.

In sexual assault, dating violence, domestic violence, and stalking cases, we recommend that you report these cases to the Department of Public Safety, although this is sometimes difficult for survivors. You may also report crimes of sexual assault, dating violence, domestic violence and stalking to the Director of Title IX/ADA/504 Compliance either by phone at (208) 426-1258, by email at ReportDiscrimination@boisestate.edu, or by making an in-person report at the Office of Institutional Compliance and Ethics located in Riverfront Hall, Suite 306. There are alternative reporting options in these cases. Specific procedures for reporting sexual assaults, dating violence, domestic violence, and stalking, as well as response to these reports, are outlined later in this document in the section entitled [Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking](#).

Boise State acknowledges the importance of officially reporting all crimes and will provide assistance with reporting. The University also recognizes that reporting a crime is different from pressing criminal charges. For example, a victim may elect to report a crime to the Director of Title IX/ADA/504 Compliance and may receive accommodations and resources but choose not to pursue criminal charges.

The Department of Public Safety will respond to any criminal complaints, complete a thorough criminal investigation, and warn and/or notify the campus community on a timely basis if necessary as outlined in the [Alerts](#) sections of this report. Priority response is given to crimes against persons and personal injuries. In an effort to keep the campus community informed, crime reports and referrals for disciplinary action received by the Department of Public Safety that reportedly occurred on campus or at certain off-campus locations relevant to the campus community are reflected on Boise State's Campus Crime Log. The Campus Crime Log can be found online at <https://security.boisestate.edu/crimelog/> or in person at the Department of Public Safety office located at 2245 University Drive, Boise, Idaho 83706. Additionally, the Department of Public Safety will cross-report information as necessary in compliance with mandatory reporting laws such as reporting child abuse and passing on Title IX report information to Boise State's Director of Title IX/ADA/504 Compliance.

Boise State University

2016 Annual Security and Fire Safety Report

Voluntary Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice systems, you should still consider making a confidential report for inclusion in Boise State's annual disclosure of crime statistics. With your permission, the Department of Public Safety can file a report on the details of the incident while maintaining confidentiality in the reporter's identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential while taking steps to ensure the future safety of yourself and others. However, in cases where there is an allegation of sexual assault, domestic violence, dating violence or stalking, identifying information, if known, must be passed on to the Director of Title IX/ADA/504 Compliance pursuant to federal requirements and University policy. The Director of Title IX/ADA/504 Compliance will provide you access to resources and notify you of your rights as a Boise State community member. What additional information you share with the Director of Title IX/ADA/504 Compliance is up to you; the Director will not pressure you to share additional details of your experience.

Anonymous Reporting

The Department of Public Safety also offers a way for the campus community to anonymously report threats or crimes through their website. A "Silent Witness" form may be filled out, which automatically generates an email that will be sent to the Department of Public Safety. This program was developed to allow members of the University community to anonymously report criminal activity and other threats and/or concerns. This is not an emergency reporting form. If there is an actual emergency or an imminent threat to life or property, please call 9-1-1. The Silent Witness form is available at <https://secureforms.boisestate.edu/security/>.

Campus Security Authorities (CSAs)

Individuals responsible for student and campus activities, campus security, event security, and people Boise State identifies as those to whom crimes should be reported are classified as Campus Security Authorities (CSAs) under the Clery Act, and have specific crime reporting obligations under the law.

The following individuals are CSAs and must assist with the University's Clery Act compliance efforts by immediately forwarding crime report information they become aware of to Boise State's Clery Compliance Officer:

- Individuals who work for the Department of Public Safety;
- Any individual with responsibility for an aspect of campus security, but who does not constitute or is not a member of the Department of Public Safety, such as contract security officers and event security staff;

Boise State University

2016 Annual Security and Fire Safety Report

- Any individual or organizational unit identified by a University policy as one to which students and employees should report criminal offenses; and
- Any official with significant responsibility for student and campus activities, including but not limited to:
 - Professional staff in the Office of the Dean of Students;
 - Leaders in Student Affairs and Housing and Residence Life (such as Resident Assistants/Advisors and Resident and Community Directors);
 - Student Organization Advisors;
 - Athletic Directors (ADs) and Coaches (including Assistant ADs, Assistant Coaches, Volunteer and Club Coaches);
 - Administrators at Branch, Satellite, and Separate Campuses;
 - Faculty or staff members who accompany students on short “stay away” trips;
 - The University President; and
 - Vice Presidents.
- University Vice Presidents, Deans, and Department Directors shall assist, annually, the Clery Compliance Officer in identifying people within their units who may be CSAs for purposes of the Clery Act. Because personnel and job descriptions change, someone who is a CSA one year might not be a CSA the following year. To determine which individuals are CSAs, the function served by that individual must be considered. If someone has significant responsibility for student and campus activities, he or she is a CSA.
- Campus “Professional Counselors”¹ and “Pastoral Counselors”², when acting as such, are not considered CSAs and are not required to report crimes for inclusion in the annual disclosure of crime statistics. Pastoral and Professional Counselors are encouraged, in writing, when they deem it appropriate, to inform those they counsel about available voluntary confidential or anonymous reporting options for inclusion in the annual disclosure of crime statistics.

CSAs must immediately notify the Clery Compliance Officer, Elliot Cox, of any crime reported to them while acting in the capacity as a CSA even if the crime has already been reported to law enforcement. Reports from CSAs are included in the annual statistical disclosure of reported crimes contained in this report, the [Campus Crime Log](#), and may be the basis for a campus alert, including a Timely Warning or Emergency Notification. CSAs are not required to pass on crime information they become aware of in an indirect manner (such as overhearing a hallway conversation, or something a student mentions during an in-class discussion; or that a victim mentions during a group presentation), and are not responsible for determining whether or not a crime took place. The

¹ Professional Counselors are employees whose official responsibilities include providing mental health counseling to members of the campus community and who are functioning within the scope of their license of certification.

² Pastoral Counselors are employees who are associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling, and are functioning within the scope of that recognition as a pastoral counselor.

Boise State University

2016 Annual Security and Fire Safety Report

preferred method for CSAs to report crimes to the Clery Compliance Officer is by using the online CSA Crime Reporting Form found at <http://security.boisestate.edu/csa/csaform/>. You may also email CSA crime report information to crimereporting@boisestate.edu. Any questions about Campus Security Authorities, crime reporting or the Clery Act in general can be directed to Elliot Cox by calling (208) 426-3225, or by emailing elliottcox@boisestate.edu.

Emergency Telephones (“Blue Phones”)

There are 77 well-marked exterior emergency telephones located throughout the Boise State campus. A blue light identifies these emergency telephones. These emergency direct-ring telephones have a no-charge dialer for Boise area assistance with an identified push button for 9-1-1 emergency and police assistance. These telephones can be used to report a criminal incident, a fire, or any other type of emergency or suspicious activities. A Blue Light Emergency Phone map is available at: <https://security.boisestate.edu/emergency-phone-map/index.html>.

Rave Guardian Mobile Safety Application

Boise State recently acquired and launched a new mobile safety application called Rave Guardian. Rave Guardian is a smart phone based safety application that connects end users directly with the Boise State Department of Public Safety and/or local dispatch centers. The application allows users to text or call the Department of Public Safety via the touch of a button to provide tips and request help. It also allows users to and designate “guardians” via the function known as a safety timer which tracks and alert chosen guardians to a user’s location. The application allows for two-way communication between the end user and dispatcher and, at the user’s discretion, allows for user location, medical, and biographical data to be automatically displayed to dispatchers when the user activates the application. Additional information and frequently asked questions about the application are available at: <http://security.boisestate.edu/rave-guardian/>.

Security and Access to Campus Facilities

Boise State University is State-owned property and, as such, is generally open to the public. The academic and administrative buildings are open to the public, at a minimum, during normal business hours. Most facilities have individual hours, and the hours may vary at different times throughout the year. Access to some of these buildings is also controlled by card access after normal business hours, and all of these buildings have varied levels of access. All residential facilities with internally facing unit doors require card access at exterior entrances. All town home and apartment units are accessible by key directly into the unit.

For the 2016-2017 academic year, Boise State is using two new apartment complexes for student housing: the 2nd floor of the RiverEdge Apartments located at 1004 W. Royal Boulevard in Boise and the 3rd floor of the Vista West Apartments located at 1570 S. Lusk Place in Boise. Both apartments contract their own private security personnel and deploy security cameras. The

Boise State University

2016 Annual Security and Fire Safety Report

Department of Public Safety will also provide regular patrols of and response to these University-leased areas. The main lobby to both buildings are open during regular business hours and accessible only by fob after hours. Main access to each apartment is accessible only by personalized fob access, and individual rooms are accessible by key.

The Department of Public Safety patrols the academic, administrative, and housing buildings on the main Boise campus, as well as at certain local University owned or controlled off-site locations, on a regular basis. Also, housing staff conducts regular walk-throughs of University owned residence halls to ensure resident safety and security. Additionally, as a free on-campus resource to help campus community members identify vulnerabilities and recommend safety and security measures for your work space, anyone in the campus community may submit a Building Safety and Security Assessment Request Form found at <https://secureforms.boisestate.edu/security/building-safety-security-assessment-request-form/>. For information about the access protocol for a specific building, see the building coordinator, a Department head, or contact the Department of Public Safety at (208) 426-6911.

Maintenance of Boise State Main Campus Facilities

Boise State maintains a strong commitment to campus safety and security. Exterior lighting is an important part of this commitment. Motor vehicle parking lots, pedestrian walkways, and building exteriors are well lit. Surveys of exterior lighting on campus are conducted by Boise State Community Service Officers on a regular basis, and discrepancies are reported to the Facilities Operations and Maintenance Department for appropriate action. Members of the campus community are encouraged to report any exterior lighting deficiencies to the Facilities Operations and Maintenance Department at (208) 426-1409.

A cooperative effort by the Department of Public Safety, Facilities Operations and Maintenance Department custodial personnel, and building occupants is utilized in surveying exterior doors. The purpose of this program is to ensure that each exterior door and its locking mechanism are working properly. Exterior doors on campus are locked and secured each evening by building occupants, custodial personnel, and Boise State Community Service Officers. These personnel report door and security hardware operating deficiencies to the Facilities Operations and Maintenance Department on a daily basis through the work order process, which tracks all trouble areas.

The maintenance and security of campus buildings for safety of users spans the areas of key control, maintenance of door hardware, replacement of broken windows, fire protection, fire drills, hazardous waste policy, ventilation, life safety items, etc. The campus continues to move more to electronic building access systems and away from key locks, which allows monitoring of students and employees going into and out of buildings after hours and on weekends. Although costly to implement, badge access is easier to maintain when students and employees become inactive than legacy key systems, where it is difficult to account for physical key inventories.

Boise State University

2016 Annual Security and Fire Safety Report

Shrubbery, trees, and other vegetation on campus are trimmed and managed on an ongoing basis, to help prevent individuals from concealing themselves within that vegetation. Facilities Operations and Maintenance Department personnel and the Department of Public Safety continually survey the campus grounds to help ensure that a safe environment exists.

The RiverEdge and Vista West Apartment complexes maintain their own maintenance personnel who regularly conduct walkthroughs to ensure proper lighting, clear access of pathways and other maintenance issues are executed in a timely manner. Shrubbery maintenance is also regularly conducted by staff at each apartment.

Campus buildings, parking lots, and other ground areas are actively patrolled by the Boise State Community Service Officers and BPD officers.

Campus Crime Statistics

Below you will find statistical charts for calendar years 2015, 2014 and 2013 showing Clery Act crime statistics for the main Boise State campus, certain off-campus locations, and Boise State locations outside of the main campus known under the Clery Act as separate campuses. For definitions of each Clery Act crime, please see [Appendix A](#) at the end of this report. Please note the crime statistics shown in the charts below reflect the number of crimes *reported* to the Department of Public Safety and does not reflect prosecutions, convictions or the outcome of disciplinary action. Crime statistics published in this document reflect crimes that are reported to have occurred in one of four federally defined locations as they relate to Boise State. Crimes that are reported to have occurred outside these locations are not included in this report. The four federally defined locations are:

On-campus property is defined as any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to above that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). Examples include, but are not limited to, the Library, Student Union Building, Albertsons Stadium and the portion of the Greenbelt that is on Boise State property.

On-campus student housing is defined as any student housing facility that is owned or controlled by the institution, or is located on property that is that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus. Examples include, but are not limited to, Barnes Towers, Chaffee Hall and the Greek Life houses on Yale Court. Note that crimes reported to have occurred in on-campus student housing will be tallied for both the on-campus location as well as the on-campus student housing location.

Boise State University

2016 Annual Security and Fire Safety Report

Public property is defined as all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. Examples include, but are not limited to, University Drive and the portions of Lincoln Avenue, Vermont Avenue, and Manitou Avenue that are north of West Beacon Street.

Non-campus property is defined as any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. Examples include, but are not limited to, Dona Larsen Park, Yanke Family Research Park, a sorority home on Chrisway Drive and certain locations of off-campus student trips.

Separate Boise State Campuses

Boise State has seven separate campuses, listed below. For the purpose of the Clery Act requirements, an additional location is a **separate campus** if it meets all of the following criteria:

- The University owns or controls the site;
- It is not reasonably geographically contiguous with the main campus;
- It has an organized program of study; and
- There is at least one person on site acting in an administrative capacity.

All information regarding policies and procedures are the same for the separate campus as they are for the main campus except where otherwise noted below. Boise State does not own or operate any student housing at any of its separate campuses listed below.

Boise State Center at the College of Western Idaho (CWI)

Extended studies programs are provided at Boise State Center at CWI, located at the Nampa Campus Aspen Classroom Building, 6002 Birch Lane, Nampa, Idaho 83687. Boise State University started occupying the Boise State Center at CWI campus in January 2014 and began classes in August 2014. This facility is open to the public during regular business hours. Students, faculty, staff, guests, and visitors may obtain access to campus buildings and facilities outside normal business hours with proper authorization. A comprehensive key and electronic access program is in effect at CWI. CWI Facilities Planning & Management developed and maintains a detailed database of room keying and key systems for each CWI building and issues keys and electronic access. Key issuance requires the approval of the authorized signature authority of the issuing department as well as the authorized signature authority of the facility to which the key provides access. Each key is cut and stamped with a unique serial number. The serial number associates the key to personnel issued the key as well as key data (building, department, and room numbers accessed by the key). CWI

Boise State University

2016 Annual Security and Fire Safety Report

Facilities Planning & Management re-keys individual areas and removes or edits electronic access as required.

Motor vehicle parking lots, pedestrian walkways, and building exteriors are well lit. Formal surveys of exterior lighting on campus are conducted by CWI security officers on a continuing basis, and a discrepancy report is directed to the CWI Maintenance Department for appropriate action if necessary. A comprehensive survey of all exterior lighting is conducted by CWI Facilities Management Department representatives at least once each year. Members of the campus community are encouraged to report any exterior lighting deficiencies to the CWI Help Desk at (208) 562-3444.

A cooperative effort by the CWI Security Department, CWI Facilities Maintenance Department, and building occupants is used in surveying exterior doors. The purpose of this program is to ensure that each exterior door and its locking mechanism are working properly. Exterior doors on campus buildings are locked and secured each evening by building occupants, custodial personnel, and CWI security officers. Door and security hardware operating deficiencies are reported by these personnel to the CWI Facilities Maintenance Department on a daily basis.

The maintenance and security of campus buildings for safety of users spans the areas of key/key fob control, maintenance of door hardware, replacement of broken windows, fire protection, fire drills, hazardous waste policy, ventilation, life safety items, etc. Shrubbery, trees, and other vegetation on campus are trimmed on a regular basis. Trimming is done to a level to expose criminal intent individuals. Where trimming is not effective, this vegetation is removed from the campus. The CWI Facilities Maintenance Department personnel and CWI Security Department continually survey the grounds of the campus to ensure that a safe environment exists. Campus buildings, parking lots, and other grounds areas are actively patrolled by CWI security officers.

While all Boise State community members receive any campus alert issued by Boise State, CWI maintains its own emergency alert system known as CWI Alerts. Boise State students who attend classes at the Boise State Center at CWI are encouraged to sign up at <http://cwidaho.cc/info/cwi-alerts-text-voice-and-email>.

The agency providing law enforcement services to the Boise State Center at CWI and public property surrounding this facility is the Nampa Police Department, located at 820 2nd St S, Nampa, Idaho 83651, phone number (208) 465-2257. CWI also has a Security Department that regularly patrols the campus, which is located at 6042 Birch Lane, Nampa, Idaho 83687, and can be reached at (208) 562-3333. CWI Security does not have arrest powers.

Crimes and other emergencies at this location should be reported to the Nampa Police Department by dialing 9-1-1, and to Boise State Coordinator Susan Mogford, phone number (208) 562-3423.

Boise State University

2016 Annual Security and Fire Safety Report

Comments, concerns, or questions about security at the Boise State Center at CWI should be communicated to Boise State Coordinator Susan Mogford at smogford@boisestate.edu or phone number (208) 562-3423.

College of Southern Idaho (CSI) Campus

Extended studies programs are provided at the College of Southern Idaho (CSI), located at the Hepworth Higher Education Center 144D at 315 Falls Avenue, Twin Falls, Idaho 83301. This facility is open to the public during regular business hours but is locked after normal business hours. Boise State students are assigned to classes in either the Shields Building or Hepworth Building. Students can also access the Library, campus computer labs and recreation center.

While all Boise State community members receive any campus alert issued by Boise State, the College of Southern Idaho maintains its own emergency alert system known as Rave Alert. Boise State students attending classes at the College of Southern Idaho are encouraged to sign up for Rave Alert by emailing Boise State coordinator Christy Bowman at christybowman@boisestate.edu and providing your email address and phone number. This information is then provided to CSI Security and your information will be entered into the CSI Rave system.

The agency providing law enforcement services to the College of Southern Idaho facility and public property surrounding this facility is the Twin Falls Police Department, located at 356 3rd Avenue E., Twin Falls, Idaho 83301, phone number (208) 735-4357. CSI also has a Security Department that regularly patrols the campus, located in the McManaman on the CSI campus at 315 Falls Avenue, Twin Falls, Idaho, 83301, and can be reached at (208) 732-6605. The CSI Security Department is charged with managing and maintaining access control to all CSI buildings both on and off campus. Given this, the CSI Security Department is tasked with opening and closing all exterior and common interior doors on all buildings, every day. In addition, this includes controlling access to buildings after hours, which involves maintaining accurate logs of all persons entering the buildings after normal business hours. Building key assignment and control is managed by the CSI Maintenance Department in cooperation with the CSI Security Department.

The CSI Maintenance Department is tasked with providing security and crime prevention maintenance on all campus properties. This includes replacing security lighting on buildings and grounds; ensuring that all emergency lighting is functional; and, maintaining shrubbery, trees and other green areas to eliminate areas that might pose a risk to students, faculty and staff. The CSI Security Department is charged with working cooperatively with the Maintenance Department in identifying those areas of risk and ensuring that they are repaired.

CSI Security does not have arrest powers. Crimes and other emergencies at this location should be reported to the Twin Falls Police Department by dialing 9-1-1, and to the Boise State Coordinator Christy Bowman, phone number (208) 933-2305.

Boise State University

2016 Annual Security and Fire Safety Report

Comments, concerns, or questions about security at the College of Southern Idaho facility should be communicated to the Boise State Coordinator Christy Bowman at christybowman@boisestate.edu or phone number (208) 933-2305.

Gowen Field Air National Guard Base Campus

Extended studies programs are provided at Gowen Field Air National Guard Base. The Boise State University office is located in Building # 521, 3655 W Harvard Street, Boise, Idaho 83705. All Boise State classes are held in buildings 500, 521, 578, and 906. The Gowen Field facility is secure and only accessible to authorized individuals. Each building has a Building Manager who is responsible for ensuring lighting and other maintenance needs are met for each building. Additionally, lights and fire extinguishers are checked on a monthly basis. Gowen Field operates a lawn crew and street sweeper to ensure shrubbery on the base is maintained and streets are swept.

Gowen Field is a military installation, which requires Boise State employees and students to submit to a security check before being granted access to the base. Non-military instructors and students attending Boise State classes at the Gowen Field facility must submit the required Security Check Form for each semester they attend classes at Gowen Field. A Gowen Field base pass is valid throughout the semester for which it is issued. Students and instructors will not be allowed to attend classes at Gowen Field without it.

Passes will be issued at the Pass and Registration Office, located at the front gate at Gowen Field. This will be the only location to obtain passes. Students need to provide their driver's license, proof of insurance, and vehicle registration when they pick up their pass. It is recommended that students obtain this pass prior to the start of the semester.

International students attending Boise State classes at the Gowen Field site must schedule an appointment with the Gowen Field Pass and Registration Office at least ten (10) business days prior to the beginning of the semester. International students will need to provide legible copies of their passport, visa, and I-20. International students must call the Gowen Field Pass and Registration Office at (208) 422-5367 to schedule an appointment.

Boise State students or instructors who have a current military identification card are able to access Gowen Field for their Boise State classes without submitting the Security Check Form. Military ID holders are asked to advise the Boise State Gowen Field site coordinator of their military status (member, dependent, or retired) prior to the start of the semester.

The maximum speed at Gowen Field is 25 miles per hour. All Boise State staff and students are reminded that they, their vehicle, and their possessions are subject to search while on Gowen Field. Furthermore, all vehicle operators are advised that they need to be able to provide proof of insurance, vehicle registration, and a valid driver's license when asked for it by Security Forces.

Boise State University

2016 Annual Security and Fire Safety Report

During periods of increased security measures, additional requirements and restrictions to enter Gowen Field may be in place.

Students who attend classes at Gowen Field are also under the purview of the Department of Defense policies and procedures. While all Boise State community members receive any campus alert issued by Boise State, Gowen Field also utilizes its own email-based emergency alerting system known as Joint Operations Center (JOC) Advisories. To sign up to receive JOC Advisories, email ng.id.idarng.mbx.ngid-joc@mail.mil. When you send an email requesting to be signed up to receive JOC Advisories, include your name and information about your affiliation with Boise State.

The agency providing military security services to and regular patrol of the Gowen Field facility is the 124th Security Forces Squadron, located at 4474 S. DeHaviland Street, Gowen Field, phone number (208) 422-5366. The 124th has the power to detain, but not arrest, individuals. The local law enforcement agency servicing the Gowen Field campus and its adjacent public property is the Boise Police Department, phone number (208) 377-6790. During the first night of classes, students are briefed on procedures for reporting an incident as well as building safety. Crimes and other emergencies at this location should be reported to the Boise Police Department by dialing 9-1-1. They should also be reported to the Boise State Coordinator Yanice Kirkendall, phone number (208) 272-3758 or (208) 426-3499 at the Boise State/Gowen Field Office, Building # 521.

Comments, concerns, or questions about security at the Gowen Field facility should be communicated to the Boise State Coordinator Yanice Kirkendall, yanicekirkendall@boisestate.edu or phone number (208) 272-3758 or (208) 426-3499.

Lewis-Clark State College (LCSC) Campus

Extended studies programs are provided at the Lewis-Clark State College (LCSC), located at 500 8th Avenue, Lewiston, Idaho 83501. Most buildings are open to the public during regular business hours. Some are open Saturday and Sunday for classes, labs and special events. Although it may vary by semester, students have access to the following buildings:

- Activity Center, 908 6th Street
- Daycare, 805 4th Street
- Library, 725 5th Street
- Meriwether Lewis Hall, 745 5th Street
- Sacajawea Hall, 710 5th Street
- Sam Glenn Complex, 921 4th Street
- Spalding Hall, 420 10th Avenue
- Student Union Building, 830 5th Street
- Thomas Jefferson Hall, 815 5th Street
- Williams Conference Center, 837 4th Street
- Campus Recreation Center, 500 8th Avenue

Boise State University

2016 Annual Security and Fire Safety Report

While all Boise State community members receive any campus alert issued by Boise State, LCSC also has its own emergency alert system. In the event of an emergency, LCSC's Regroup alert system will send an alert message via email, text message, and text-to-speech call to all LCSC students, faculty, and staff. When an alert is issued, Boise State Coordinator Sue Martin will then disseminate the alert to Boise State students, faculty and staff at the LCSC campus via Boise State email and, optionally, through text messaging. If a Boise State community member at the LCSC campus would like to receive text message alerts, please provide your phone number to Boise State Coordinator Sue Martin by email at suemartin@boisestate.edu or by phone at (208) 792-2783.

LCSC has the capability to broadcast an emergency alert in and around multiple buildings on campus via an indoor/outdoor warning system. These buildings have been fitted with a system that features a public address loudspeaker and strobe lights.

LCSC's website features an emergency information page, www.lcsc.edu/emergency, as a source for disseminating emergency information. Alert information ranging from weather emergencies to campus closures are posted on this page and the LCSC home page.

In the event of an emergency, Building Evacuation Coordinators (BECs) will assist with the dissemination of information and to assist with building evacuations. For larger building with multiple floors, Building Evacuation Monitors (BEMs) are in place to assist the BECs.

All students attending Boise State at LCSC are informed on an annual basis at orientation who their Boise State Coordinator is and where to report crimes. Additionally, as a portion of the Graduate training, the students receive information regarding personal safety and awareness.

LCSC maintains a Security Department where a security officer is on-duty 24 hours a day, 365 days a year. Uniformed campus security officers and a Security Director provide around the clock patrol and services to the campus community. LCSC Campus Security does not have arrest powers. They can be reached by phone at (208) 792-2226 or (208) 792-2815 (routed to a phone that security officers carry with them while on-duty), or in person at Meriwether Lewis Hall 110. LCSC security personnel carry keys and access cards to all buildings and are responsible for locking and opening buildings and classrooms during normal operations as well as for special events.

Access control is a LCSC Security Department responsibility. All keys or access cards issued are reviewed and issued through the Security and Campus Card Services offices. All keys signed out should be returned to LCSC Security when no longer needed and access cards returned to LCSC Campus Card Services. Access keys or cards are not to be given to unauthorized persons. The LCSC Security Department works closely with the LCSC Physical Plant locksmith to ensure all doors and locks work properly.

Boise State University

2016 Annual Security and Fire Safety Report

Motor vehicle parking lots, pedestrian walkways, and building exteriors are well lighted. Surveys of exterior lighting on campus are conducted weekly by the LCSC Security Department, which works closely with LCSC Physical Plant to insure that all lighting issues are addressed in a timely manner. Shrubbery, trees, and other vegetation on campus are trimmed on a regular basis. LCSC security officers and designated representatives of the Physical Plant survey the grounds of the campus to ensure that shrubbery, trees and other vegetation have been properly trimmed to meet safety standards.

The agency providing law enforcement services to Lewis-Clark State College and public property surrounding this facility is the Lewiston Police Department, located at 1224 F Street, Lewiston, Idaho 83501, phone number (208) 746-0171. All crimes and other emergencies should be reported to the Lewiston Police Department by dialing 9-1-1, making sure to identify where you are located on the LCSC campus. All crimes and emergencies should also be reported to the Boise State Coordinator Sue Martin, phone number (208) 792-2783, at 500 8th Ave, Lewiston, Idaho 83501.

Comments, concerns, or questions about security at Lewis-Clark State College should be communicated to the Boise State Coordinator Sue Martin at suemartin@boisestate.edu or by phone at (208) 792-2783.

Lewis-Clark State College at NIC Campus

Extended studies programs are provided at Lewis-Clark State College at NIC, located at 1031 N. Academic Way, Room 142A Suite 140, Coeur d'Alene, Idaho 83814. Facilities are open to the public during regular business hours. Some buildings are open Saturday and Sunday for classes, labs and special events. Exterior doors and most interior doors to the college are locked when offices and buildings are closed at 10pm or when classes are not in session. Keys that are authorized and issued to faculty and staff are not to be duplicated or provided to unauthorized employees or students. Persons found in possession of unauthorized keys will have the key immediately confiscated, and can face disciplinary action. Although it may vary by semester, students have access to the following buildings:

- Seiter, 475 N. College Drive
- Lee/Kildow, 471 N. College Drive
- Molstead Library, 875 W. Garden Avenue
- Meyer Health and Science, 1000 W. Garden Avenue
- Harbor Center, Office #142A, 1031 N. Academic Way

While all Boise State community members receive any campus alert issued by Boise State, LCSC at NIC also maintains its own emergency alert system. In the event of an emergency, NIC's alert system will send an alert message via email, text message, and phone to all students, faculty, and staff. Students can elect to join the NIC emergency notification system, known as Cardinal Contact, to receive alerts through email, text message and voicemail by signing up for alerts and can

Boise State University

2016 Annual Security and Fire Safety Report

view emergency notifications on their website: <https://communitycontact.bbcportal.com/>. Students are also given the opportunity to sign up for Cardinal Contact during orientation.

NIC maintains a Security Department located at 703 Military Drive, Building #30. The Security Department can be reached by calling [\(208\) 769-3310](tel:2087693310). NIC security officers provide building and grounds security 24 hours a day, seven days per week. NIC Campus Security is the administrative unit responsible for campus security, policy and procedures. NIC officers are professionally trained in public safety methods, and provide proactive patrol of the campus, their authority is limited to the geographical boundaries of NIC's properties including land, structures, streets and parking facilities. NIC Security does not have arrest powers.

NIC Officers patrol the campus on foot, bicycle, golf cart, and in vehicles. NIC Security Officers do not carry firearms, but are armed with OC (Pepper) Spray, and the Taser ECW, both of which are non-lethal weapons. To carry these non-lethal weapons, NIC officers complete training through the Coeur d'Alene Police Department, Spokane Police Academy, and/or by certified instructors with campus security. Even though NIC security officers are not sworn peace officers, they are authorized to make citizens arrests when necessary, as granted by Idaho Statute 19-604, and are responsible for enforcement of college rules and regulations, and applicable federal, state, city, and county laws and ordinances on college property. North Idaho College also has a School Resource Officer (SRO) on staff. The SRO is a member of the Coeur d'Alene Police Department who is assigned to NIC and is a sworn law enforcement officer. The SRO can be contacted by calling (208) 769-3310. The SRO is a member of the Coeur d'Alene Police Dept. who is assigned to NIC and is a sworn law enforcement officer. NIC Campus Security works closely with the Coeur d'Alene Police, Post Falls Police and Kootenai County Sheriff's Office to assist in safeguarding the campus community. City and County law enforcement officers patrol the public streets on campus and adjoining area.

NIC Campus Security and NIC Facilities personnel carry keys to all buildings and are responsible for locking and opening buildings and classrooms on the main campus, NIC Campus Security makes building checks throughout the night.

Motor vehicle parking lots, pedestrian walkways and building exteriors are well lighted. Formal surveys of exterior lighting on campus are conducted routinely by the NIC Security Department and work closely with the NIC Physical Plant to have all lighting issues addressed in a timely manner. Members of the campus community are encouraged to report any lighting deficiencies to the NIC Facilities Department via School Dude Online Maintenance Request, or by calling (208) 769-3413.

Shrubbery, trees and other vegetation on campus are trimmed on a regular basis. NIC Campus Security and facilities personnel survey the grounds of the campus to ensure that shrubbery, trees and other vegetation have been properly trimmed to meet safety standards, within the guidelines of C.P.T.E.D. (Crime Prevention Through Environmental Design).

Boise State University

2016 Annual Security and Fire Safety Report

The agency providing law enforcement services to Lewis-Clark State College at NIC and public property surrounding this facility is the Coeur d'Alene Police Department, located at 3818 Schreiber Way, Coeur d'Alene, Idaho 83814, phone number [\(208\) 769-2320](tel:2087692320). North Idaho College has installed emergency (Blue Light) phones throughout campus for use during emergencies or for assistance with vehicle jumpstarts/lockouts or to request the campus escort service. By lifting the Red handset, users can communicate directly with the Security Office during business hours, or direct with the on-duty security officer after business hours and weekends. The NIC School Resource Officer (SRO) can be contacted by calling [\(208\)769-3310](tel:2087693310). Crimes and other emergencies at this location should be reported to the Coeur d'Alene Police Department by dialing 9-1-1, and to the Boise State Coordinator Sue Martin, phone number [\(208\) 792-2783](tel:2087922783), or [\(208\)292-2679](tel:2082922679), or Sonja Enger at [\(208\) 769-4287](tel:2087694287).

All students are informed on an annual basis at orientation who their Building Coordinator is. As a portion of the Graduate training, students receive information regarding personal safety and awareness.

Comments, concerns, or questions about security at Lewis-Clark State College at NIC should be communicated to the Boise State Coordinator Sue Martin by email at suemartin@boisestate.edu or by phone at [\(208\) 792-2783](tel:2087922783), or to Sonja Enger at (208) 769-4287.

Mountain Home Air Force Base Campus

Extended studies programs are provided at Mountain Home Air Force Base. The Boise State office is located at 665 Falcon Street, Mountain Home Air Force Base, Idaho 83648. Classes are held in the education center classrooms. The Mountain Home AFB facility is secure and only accessible to authorized individuals. The education center has a building facility manager that is responsible for ensuring the center is maintained and alerts the Civil Engineer Squadron of any maintenance issues ranging from lights not working up to major structural repairs needed. There are also regular checks completed of door jams, fire systems, lights and streets to ensure systems are working properly.

Mountain Home is a military installation, which requires Boise State employees and students to submit to a security check before being granted access to the base. Non-Military instructors and students attending classes at Mountain Home AFB must submit to a background check before being allowed access to the base for each semester they attend classes at Mountain Home AFB. A base pass will be valid throughout the semester for which it is issued and only valid for the specific dates and times of the class that they are attending that semester. Students and instructors will not be allowed to attend classes at Mountain Home AFB without it.

Students who attend classes at Mountain Home Air Force Base are also under the purview of the Department of Defense policies and procedures. While all Boise State community members receive any campus alert issued by Boise State, the Mountain Home Air Force Base also utilizes its own

Boise State University

2016 Annual Security and Fire Safety Report

emergency notification system. In the event of an emergency, Mountain Home Air Force Base will broadcast emergency notifications through PA and intercom systems, desktop notifications, and building phone calls. Receiving these notifications do not require you to sign up.

The agency providing law enforcement services to and patrol of the Mountain Home Air Force Base facility and public property surrounding this facility is the Mountain Home Air Force Base Security Forces Squadron, located at 270 7th Avenue, Mountain Home Air Force Base, Idaho 83648, phone number (208) 828-2258. Mountain Home Air Force Base Security Forces Squadron have the power to detain, not arrest, individuals. Crimes and other emergencies at this location should be reported to the Mountain Home Air Force Base Security Forces Squadron by dialing (208) 828-2258. They should also be reported to the Boise State Coordinator Yanice Kirkendall at the Boise State/Mountain Home office at 665 Falcon Street, Mountain Home Air Force Base, Idaho 83648, phone number (208) 828-6746.

Comments, concerns, or questions about security at the Mountain Home Air Force Base facility should be communicated to Yanice Kirkendall by email at yanicekirkendall@boisestate.edu or by phone at (208) 828-6746.

Downtown Campus

Boise State uses the entire facility located at 301 S. Capitol Boulevard, Boise for classes, community events and meetings. Boise State's Venture College, a program of the College of Innovation and Design program, as well as the Andrus Center for Public Policy are housed at the 301 S. Capitol facility. The Downtown campus also consists of a leased parking area at 789 W. Broad Street and a Bronco Shop located at 778 W. Broad Street. The 301 S. Capitol facility is open to the public Monday through Friday between 10am and 5pm and the Bronco Shop is open to the public Monday through Saturday between 10am and 6pm. There are regular inspections of fire safety equipment and the Condo Association for the 301 S. Capitol facility ensures the street outside the facility is maintained. Department of Public Safety personnel provide regular patrols of and response to University controlled areas of the Downtown campus. Members of the University community are encouraged to report any criminal or suspicious activities that occur at these areas to the Boise State Department of Public Safety immediately by calling (208) 426-6911. Dial 9-1-1 for emergencies. The agency providing law enforcement services to the 301 S. Capitol facility, leased parking areas and public property surrounding those areas is the Boise Police Department, located at 333 N. Mark Stall Place, Boise, Idaho 83704, phone number (208) 377-6790.

For comments, concerns, or questions about security at the 301 S. Capitol facility, contact Marilyn Bickle by phone at (208) 426-5540 or by email at marilyn_bickle@boisestate.edu.

Boise State University

2016 Annual Security and Fire Safety Report

Downtown Campus Expansion

Beginning in August of 2016, Boise State will expand its Downtown campus footprint when it moves the Computer Science program into the City Center Plaza building located at 777 W. Main Street, Suite 380, Boise. Boise State will also lease parking spaces at 770 W. Main Street and 312 S. 9th Street. The City Center Plaza building is open to the public during regular business hours and the Department of Public Safety will provide regular patrols of and response to University controlled areas. There are regular inspections of fire safety equipment for the City Center Plaza building and the Condo Association for the building ensures the street outside the complex is maintained. Members of the University community are encouraged to report any criminal or suspicious activities that occur at these locations to the Boise State Department of Public Safety immediately by calling (208) 426-6911. They should also be reported to the Boise State Coordinator Jordan Morales, who can be reached by phone at (208) 426-5759. Dial 9-1-1 for emergencies. The agency providing law enforcement services to the City Center Plaza building, associated leased parking areas and public property surrounding those areas is the Boise Police Department, located at 333 N. Mark Stall Place, Boise, Idaho 83704, phone number (208) 377-6790.

Comments, concerns, or questions about security at the City Center Plaza building should be communicated to Jordan Morales at jordanmorales@boisestate.edu or (208) 426-5759.

The Meridian Center Campus

Extended studies programs had been provided at The Meridian Center, located at 2950 Magic View Drive, Meridian, Idaho 83642, but it ceased being used as a separate campus as of August 2014. Professional development classes are being held at this location, but Boise State does not have academic classes being held there at this time.

The agency providing law enforcement services to The Meridian Center and public property surrounding this facility is the Meridian Police Department, located at 1401 E. Watertower Avenue, Meridian, Idaho 83642, phone number (208) 888-6678. Crimes and other emergencies at this location should be reported to the Meridian Police Department by dialing 9-1-1, and to the Center Director, Paul Bentley, at pbentley@boisestate.edu, phone number (208) 426-2165.

Comments, concerns, or questions about security at The Meridian Center should be communicated to Director, Paul Bentley, at pbentley@boisestate.edu, phone number (208) 426-2165.

2013-2015 Crime Statistics

In the past, the chart for the main campus encompassed the previously listed [separate campuses](#). The 2014 Annual Security and Fire Safety Report separated these crime statistics so it was easier to determine where the reported crime took place. Specifically, the crimes that were previously in the Main Campus statistics were removed from the non-campus property category and added to the separate campuses categories, so there is a difference in the non-campus property section charts for the Main Campus in previous annual reports.

Reports of crimes are calculated per Clery requirements. When counting multiple offenses, Boise State uses the FBI's *UCR* Hierarchy Rule. This rule requires that only the most serious offense is counted when more than one offense was committed during a single incident, or when a single offense could fall under the definition of more than one crime. However, there are some exceptions to this rule. Hate crimes, arrests and referrals for drug/liquor/weapons violations, and the crimes of arson, domestic violence, dating violence, and stalking do not fall under the Hierarchy Rule and are counted along with the most serious crime committed in situations where more than one Clery crime has occurred in a given incident. Additionally, if a murder and a sex offense are committed during the same incident, both are counted. If an incident occurs in University Housing properties, it is counted twice: once in the "On Campus" section and once in the "Residential Facilities" section.

Additionally, with the passing of the Violence Against Women Reauthorization Act (VAWA) of 2013, the crimes of domestic violence, dating violence, and stalking were added to the list of crimes that Boise State is required to collect statistics for and report beginning in 2014. For definitions of these crimes, see [Appendix A](#). In 2014, the definition of "rape" in the Uniform Crime Reporting (UCR) Summary Reporting System was also revised to reflect the Federal Bureau of Investigation's (FBI) updated definition, which encompasses the categories of rape, sodomy, and sexual assault with an object that are used in the UCR National Incident-Based Reporting System. The updated definition of rape is used for Clery purposes in this report.

Lastly, the Clery Act allows for sworn or commissioned law enforcement personnel to make a formal determination that a crime report is "unfounded" if, after investigation, the report is deemed to be false or baseless. If a report is determined to be unfounded, it will not be included in the statistical disclosure of crimes reported to have occurred on Boise State's Clery geography. However, beginning with the 2014 crime statistics, unfounded reports will be tallied and disclosed separate from the other statistics.

Unfounded Crimes: There were no unfounded crimes in 2014 or 2015.

Downtown Campus Criminal Offenses/Arrests and Judicial Review Statistics

The Boise State Downtown campus was considered a separate campus in 2015. As such, crime statistics for the Downtown properties are reflected in the non-campus category in previous reports. Because the City Center Plaza building and nearby parking garages are new as of August 2016, crime statistics for the Downtown Campus will only consist of crimes reported to have occurred at the 301 S. Capitol Blvd building, Bronco Shop at 778 W. Broad Street, parking spaces at 789 W. Broad Street and their associated public property. The 2017 Annual Security and Fire Safety Report will reflect crimes reported to have occurred at the all of the above properties that comprise the Boise State Downtown campus. There are no Boise State Housing facilities at this location.

Alerts: Timely Warning and Emergency Notification

The Clery Act requires campuses to issue two types of alerts to members of their campus communities when certain conditions are present: Timely Warnings and Emergency Notifications. Timely Warnings must be sent out to the campus community whenever a Clery Act crime (those noted in the tables above and defined in [Appendix A](#)) that occurs in one of the four federally defined locations related to campus as [noted above](#), is reported to the Department of Public Safety and thought to represent a serious or continuing threat to the campus community. Emergency Notifications need not be triggered by a crime report; they are sent out whenever there is a confirmation of a significant emergency or other dangerous situation involving an immediate or

Boise State University

2016 Annual Security and Fire Safety Report

impending threat to the health or safety of the campus community. The conditions, processes and procedures Boise State uses for each type of alert are detailed below.

Timely Warning

Boise State is required to issue a Timely Warning to the University community any time a Clery Act crime is reported that is considered by the University to represent a serious or continuing threat to students, faculty, staff, and visitors that occurs on one of the four federally defined locations related to Boise State campuses as [defined above](#).

The University will issue a Timely Warning if a Clery Act crime is reported that is considered by the University to represent an ongoing threat to students and/or employees. Boise State determines whether the circumstances warrant a Timely Warning is determined on a case-by-case basis using the procedures described below. The decision to issue a Timely Warning includes consideration of the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. If there is an immediate threat to the health or safety of students and/or employees occurring on campus, the University will follow its Emergency Notification procedures in [Boise State Policy # 12110](#).

The following list of crimes includes examples of situations that may warrant a Timely Warning:

- Murder
- Non-negligent Manslaughter
- Sexual assault
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Hate crimes

Boise State may elect to issue an alert for other crimes, or crimes that occur outside of our campus properties as determined on a case-by-case basis.

The Department of Public Safety may decide not to issue a Timely Warning for a reported crime for the following reasons:

- If the subject(s) has been apprehended and the threat of danger for members of the Boise State community has been relieved by the apprehension.
- If a warning would thwart apprehension of the subject(s) and compromise law enforcement efforts.
- If a crime was not reported to the University or the police in a manner that would allow the University to warn the campus community in a timely manner.

Boise State University

2016 Annual Security and Fire Safety Report

- If a crime was reported to a pastoral or professional counselor while they are acting in that capacity.

The Executive Director of the Department of Public Safety, Associate Director of the Department of Public Safety, the Clery Compliance Officer, and the Manager of Emergency Preparedness and Continuity Planning or their representatives will assess the situation and decide if it warrants a Timely Warning. This determination will be made in consultation with the University President or one of the vice-presidents. If a vice-president or the University President is not available, those determining if the situation warrants a Timely Warning will make the final call to begin the Timely Warning process.

The Department of Public Safety will create the Timely Warning message for distribution in consultation with one or more of the University vice-presidents and/or the President, and the Office of Communications and Marketing. If the President, or a vice-president, or a representative from the Office of Communication and Marketing is not available, then the Department of Public Safety may create the message without consultation.

The Timely Warning will include as much information as possible about the crime that triggered the Warning, as well as safety tips that may aid in the prevention of similar crimes. The University will determine the specific content of each Timely Warning on a case-by-case basis, and content may include, but is not limited to: the nature of the crime; the number of individuals involved; and the location, time, and of date the crime allegedly occurred. Names of victims, if any, are treated as confidential and withheld.

The Department of Public Safety will send Timely Warnings to faculty, staff, and students in a manner that is timely through University email, social media, and official websites. All members of the Boise State community, regardless of the campus they attend, will receive a Timely Warning when one is issued. The Office of Communications and Marketing may send the Warning via official means to the general public and the media. Updates to the Boise State community about any particular case resulting in a crime alert also may be distributed electronically via BroncoMail and/or posted on the University's website. The Chief Operating Officer, the Vice President for Student Affairs, or the Chief of Staff of the President's Office will review the alert and may distribute the notice to Trustees, officers, or staff, as deemed necessary and appropriate. Timely Warnings may also be posted in campus buildings, when deemed necessary.

See [Boise State University Policy #12090: Timely Warning for Crime Prevention](#).

Emergency Notification (BroncoAlert)

The Department of Public Safety receives information about crimes and other emergencies from different entities on campus, local law enforcement, as well as the local community, and investigates that information to determine whether there is an emergency or dangerous situation that poses an

Boise State University

2016 Annual Security and Fire Safety Report

immediate threat to the health or safety of some or all members of the Boise State community. The University will issue an Emergency Notification immediately upon the confirmation of a significant emergency or dangerous situation involving an immediate or impending threat to the health or safety of students or employees occurring on campus. The University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Department of Public Safety utilizes an emergency notification system known as BroncoAlert that sends alerts through email, phone calls, and text messaging to ensure multiple methods of electronic and cellular communication in the event of an emergency.

Examples of the types of situations that may prompt an emergency notification are:

- Potential life-threatening situations on the campus
- Building emergencies
- Extreme weather conditions (official weather warnings)
- Unplanned University closures (weather, power outages, etc.)

University officials, and their official representatives, who have the authority to issue emergency notifications are:

- Executive Director of the Department of Public Safety
- Associate Director of the Department of Public Safety
- Senior BPD Officer on Duty assigned to Boise State
- The Incident Commander
- Manager – Emergency Preparedness and Continuity Planning
- Manager – Compliance and Crime Analysis
- Department of Public Safety Communication Center Personnel

One of the individuals listed above will confirm an emergency or dangerous situation with personnel on scene and then authorize the notification. If time allows, the authorizer should consult with the University President or a vice-president before authorizing an Emergency Notification.

The Department of Public Safety will create the Emergency Notification for distribution and will send Emergency Notifications to Boise State students, staff and faculty through BroncoAlert and potentially other communication vehicles. In addition to BroncoAlert, other communication vehicles may include:

- Boise State Public Radio, University Pulse Radio, and other local television, radio stations, and print media
- Boise State emergency information line recorded telephone message (334-2296)

Boise State University

2016 Annual Security and Fire Safety Report

- Reverse 9-1-1 calling system (coordinated with Ada County Dispatch 9-1-1)
- Exterior public address system (Carillon system: voice and tone alerts)
- Boise State social media accounts
- Boise State webpages

If Department of Public Safety Communication Center personnel are not available to issue a BroncoAlert, additional Department of Public Safety personnel who have been trained may issue the alert. Detailed instructions for the issuing authority are contained within Annex G of the [Boise State EOP](#), including messaging characteristics and ready-made templates.

The Department of Public Safety will determine the content of the notification based on the type of emergency and will also determine the appropriate segment or segments of the campus community to receive a notification based on which segments of the University population need the information about the emergency. Generally, the University will send its entire community an Emergency Notification, including community members located at separate campuses. If sending the Notification to some members of the campus community and not others becomes necessary, then some, but not all of these factors, will be considered:

- Type of emergency
- Location of emergency
- The possibility that the emergency will become more dangerous

The University will provide Emergency Notification status updates using one of the communication methods described above in this section when new information or instructions are available. An “All Clear” notification indicates the emergency situation has been contained. All Clear notifications must be approved by the current Incident Commander on-scene at the incident.

The Office of Communications and Marketing may send information about the notification via official means to the general public and the media. The Department of Public Safety may also use social media and campus news outlets to disseminate emergency information to the larger community during threats to health and safety of students and employees. One of the requirements for our new emergency notification system was the ability to send out Twitter, Facebook, and RSS feeds through BroncoAlert; our current system now has that ability. We have also successfully used an emergency banner on the [Boise State homepage](#) during emergencies; both for emergency notification and directing the campus community where to go for additional information relating to the incident.

How to “Opt-In”

While all students, faculty and staff will receive an email automatically whenever a BroncoAlert message is sent out, they will *not* automatically receive text and phone alerts from BroncoAlert unless they “opt-in”. To opt-in, please take the following steps:

For students to opt-in to receive BroncoAlert text or text-to-voice messages, please take the following steps:

1. Go to MyBoiseState (<https://my.boisestate.edu/>)
2. Click on “LOG IN”
3. Enter your Boise State user name and password; click on “Log In”
4. Click on “STUDENT” next to your name at the top right of the screen
5. Click on “Student Center” under “SERVICES” menu
6. Click on the “Home” menu in the upper right hand corner
7. Click on on the “BroncoAlert” app and update your information in the Cell Phone and/or Alternate Phone 1

For faculty/staff to opt-in to receive BroncoAlert text or text-to-voice messages, please take the following steps:

1. Go to MyBoiseState (<https://my.boisestate.edu/>)
2. Click on “LOG IN”
3. Enter your Boise State user name and password; click on “Log In”
4. Click on “EMPLOYEE” next to your name at top right
5. Click on “PeopleSoft” under “SERVICES” menu
6. Click on the “BroncoALERT” app and update your information in the Cell Phone and/or Alternate Phone 1.

Residents who live in the immediate vicinity of the main campus are also invited to “Opt-In” to BroncoAlert, regardless of if they are affiliated with Boise State, so they can also receive information about crimes and other emergencies requiring an alert. If you have questions, please contact Rob Littrell in Emergency Management by phone at (208) 426-3638 or by email at roblittrell@boisestate.edu.

Note: In order to receive an immediate alert, please provide a text messaging contact number. Voice messages are also delivered quickly, but text messages are usually delivered within 1-2 minutes.

Boise State University

2016 Annual Security and Fire Safety Report

See [Boise State University Policy # 12110: Emergency Notification](#)

Emergency Response and Evacuation Policy

Emergency response on the Boise State University main campus is covered in detail through the [Boise State Emergency Operations Plan \(EOP\)](#) as a part of a comprehensive Emergency Management program. The EOP is designed to effectively coordinate the use of Boise State and community resources to protect life and property immediately following a major natural or man-made disaster and provide a response system for Boise State faculty, staff, and students for major disasters occurring on Boise State property. The plan is activated whenever an emergency affecting the campus cannot be controlled through normal response measures.

The first official University responder at a disaster scene is responsible for evaluating the situation and initiating necessary communications (Department of Public Safety, Communication Center personnel, Boise Police Department, etc.). First actions at the scene will be to care for any injured people and isolate the area to protect others from being exposed to known or suspected hazards. Once the situation has been evaluated and communicated to the Department of Public Safety Communications Center, alerts may be made to the campus utilizing the procedures described above.

Large incidents that pose a significant threat to life, property, or the environment may require activations of the Emergency Operations Center (EOC). The EOC will be located in the Department of Public Safety substation, unless otherwise directed by the Incident Commander or the Campus Emergency Policy Group. The Executive Director of Department of Public Safety or his/her designated representative will supervise these operations and ensure proper representation from applicable departments and colleges is coordinated and scheduled.

Once the EOC is activated, the Boise State President or his/her designated representative (primarily the Chief Operating Officer) will be in charge, and the EOC staff will coordinate all response and recovery actions. Assistance from local emergency response agencies may also be required in large-scale incidents, and Boise State will send representative liaisons to participating Incident Command Posts and the county Emergency Operations Center when the local jurisdiction is the Incident/Unified Command.

One of the first objectives of the EOC will be to ensure the campus community is notified immediately upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus if the Department of Public Safety has not already done so.

In the event that the EOC has been activated and emergency messages have not been sent out using the processes [described above](#) in this section, the EOC will coordinate with local emergency

Boise State University

2016 Annual Security and Fire Safety Report

response agencies, Department of Public Safety and police staff, other responsible authorities, and the University Emergency Policy Group to confirm that there is a significant emergency occurring on campus, determine whom to notify, determine the content of the notification based on the circumstances and nature of the emergency, and initiate the notification systems process. Notification to Boise State students, staff, and faculty will be made through one or more University notification systems as mentioned in the [Emergency Notification section above](#). The Associate Vice-President of Communications and Marketing will provide emergency information to the media and the public. The University Emergency Policy Group members consist of the following:

- President
- Chief Operating Officer
- Provost
- Vice-President, Finance and Administration
- Vice-President, Student Affairs
- Vice-President, University Advancement
- Vice-President, Research
- Chief Operating Officer
- Associate Vice-President, Campus Planning and Facilities
- Associate Vice-President of Communications and Marketing

Emergency Evacuation Procedures

[Boise State Policy 9220, Emergency Action and Building Evacuations Procedures](#), establishes Boise State's responsibilities and procedures for handling emergencies at the lowest level, which is in each of the 150+ buildings on campus. This policy requires each building to have an Emergency Action Plan with the minimum requirement of addressing how to safely evacuate campus properties in the event of a natural or man-made disaster, civil disturbance, or other emergency situation. This policy also includes fire and emergency reporting procedures.

Emergency evacuation exercises are conducted on an annual basis per federal requirements. All exercises are unannounced with the exception of drills at the Student Recreation Center. The purpose of these evacuation exercises is to test emergency response procedures, practice the coordination efforts involved in emergency response, and prepare building occupants for an orderly evacuation in case of fire or other emergency. Exercises are used to familiarize building occupants with emergency response and evacuation procedures, location of emergency exits, and the sound of audio tone and voice alerts. All exercises are documented by Environmental Health Safety and Sustainability and include a description of the exercise, the date, time, and whether the test was announced or unannounced. This documentation is utilized to improve emergency response and evacuation procedures on campus. In conjunction with at least one emergency exercise each year, the University will notify the community of the exercise and remind the community of the

Boise State University

2016 Annual Security and Fire Safety Report

information included in the University's publicly available information regarding emergency response procedures found at <https://emergencymanagement.boisestate.edu/eop/>

Boise State Emergency Management also conducts two emergency notification drills each year; one during the Fall semester and the other during the Spring semester. In 2016, two emergency notification drills have been conducted thus far. Our outdoor public address system (Carillon) has been tested three times so far in 2016 and has also had repairs and volume adjustments.

Each Boise State building is required to have a Building Coordinator, who is responsible for the building Emergency Action Plan that identifies evacuation procedures for that building. In some cases, a shelter-in-place contingency may be the best procedure to use in certain circumstances when evacuation is not a reasonable option. Boise State provides a template Emergency Action Plan for all Building Coordinators, which has the following Building Evacuation considerations:

- ❑ **When ordered to evacuate or when alarms are activated, ALWAYS LEAVE IMMEDIATELY.**
 - Unless ordered otherwise by officials, designated Building Coordinators and/or alternates and assistants (identified with red armbands) shall direct and ensure, to the extent practical, that a safe personnel evacuation is conducted. **Treat all alarms as warning of an actual emergency situation.**
 - All department heads, faculty, managers and supervisors must help direct employees, students, visitors and each other to obey evacuation instructions of emergency response personnel and/or the Building Coordinators.
 - Building Coordinators and/or alternates and assistants shall notify emergency personnel immediately upon their arrival at the scene concerning the status of the evacuation, the exact location of any injured or trapped persons, those waiting in designated Areas for Evacuation Assistance, any others who may be anywhere in the building, and any other relevant information on the emergency situation.
- ❑ **Exit quickly and calmly using nearest emergency escape routes and marked exits and proceed to Safe Assembly Locations. DO NOT USE ELEVATORS!**
 - Do not attempt to use elevators during an emergency. Elevators are called to the first floor when the fire alarm system is activated. Use only stairways in an evacuation.
 - Use clear, safe escape routes and exits and proceed to the nearest outside Safe Assembly Location shown on this building's posted evacuation map (which are typically located on each floor next to the elevator), or to a location ordered by emergency response personnel. Do not return to an evacuated building until directed by University officials.
 - If possible, take your coat and keys but do not take time to go to lockers or offices for personal possessions.
 - Where applicable and if possible and safe, turn off laboratory gases, exhaust fans, and close doors/windows as you exit.

Boise State University

2016 Annual Security and Fire Safety Report

- ❑ **Assist persons requiring evacuation assistance to get to designated Areas for Evacuation Assistance. Be alert for trapped, injured, or other persons requiring assistance.**
 - Transporting of individuals requiring evacuation assistance up or down stairwells shall be avoided until emergency response personnel have arrived. Unless imminent life-threatening conditions exist, relocation of these individuals shall be limited to the designated Areas for Evacuation Assistance.
 - Notify emergency personnel immediately upon their arrival of the exact location of any injured or trapped persons, those waiting in designated Areas for Evacuation Assistance, and any others who may be anywhere in the building.

Shelter-In-Place

Boise State University's shelter-in-place procedures are based on national standard response protocols. If an incident occurs and the buildings around you are unstable or otherwise unsafe, or if the air outdoors is dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger; thus, to "shelter-in-place" means to make a shelter of the building that you are in. With a few adjustments, you can typically make your location more secure and comfortable until it is safe to go outside.

If an incident occurs and the building you are in is not damaged, stay inside the building in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, Bronco card, car keys, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, quickly seek shelter in the nearest undamaged University building. If police or fire department personnel are on the scene, follow their directions.

A shelter-in-place notification may come from several sources, including the Department of Public Safety, the Boise Police Department, Housing and Residence Life staff, other Boise State employees, or other authorities utilizing the University's emergency communication tools. Along with BroncoAlert ([described in the Alerts section above](#)), Boise State has an outdoor speaker system (Carillon) that can be used to direct students and employees on actions to take during a shelter-in-place scenario. This system has speakers in three strategic locations: Administration Building, the Multi-Purpose Building, and Taco Bell Arena.

Boise State provides a template Emergency Action Plan for all Building Coordinators, which has the following shelter-in-place considerations:

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need to shelter-in-place ever arise, follow these steps, unless instructed otherwise by emergency personnel:

Boise State University

2016 Annual Security and Fire Safety Report

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest undamaged building quickly or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be:
 1. An interior room;
 2. Above ground level; and
 3. Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
- Shut and lock all windows (tighter seal) and close exterior doors.
- If you can, turn off air conditioners, heaters, and fans and close vents to any ventilation systems.
- Close vents to ventilation systems if you are able.
- Make a list of people with you and ask someone to call the list in to Boise Police so emergency responders know where you are sheltering.
- Check your phone or email for any BroncoAlert messages.
- Turn on a radio or TV (if possible) and listen for further instructions.
- Monitor social media for additional guidance.
- Make yourself comfortable.

For more information on the Boise State University Emergency Operations Plan and Emergency Response Procedures, please visit <http://emergencymanagement.boisestate.edu/eop/>.

Missing Students

The Department of Public Safety is responsible for investigating a report of a missing student, which is a student who has been missing for at least 24 hours. Anyone who suspects that a student is missing should immediately inform Department of Public Safety at (208) 426-6911, who will forward the report to the Housing and Residence Life staff if the student lives on campus.

The Department of Public Safety will investigate each missing student report and, if the Department determines the student is missing, it will notify local law enforcement within 24 hours of the determination. The Department of Public Safety does not have to wait a full 24 hours after receiving a missing student report to notify local law enforcement.

Students who live in student housing, regardless of age, must provide the name and contact information for one individual who would be notified in the event that the student is determined to be missing. The University will keep missing student contact information confidential, accessible only to authorized campus officials, and only disclose it to law enforcement personnel in the event that the student is believed to be missing. The University will notify the student's missing person contact(s) within 24 hours of a determination that a student is missing, unless the student is located within that 24-hour period. If a missing student is under 18 years of age and not emancipated, the

Boise State University

2016 Annual Security and Fire Safety Report

University will also notify the parent or guardian of the missing student. Notifications to parents/guardians and designated missing person contacts are conducted either by the Department of Public Safety or Housing and Residence Life staff. If a notification must be made after hours, the Dean on Call may also notify the missing contact person and parent/guardian of a missing student. The Vice-President of Student Affairs or his/her designee shall initiate whatever action he/she deems appropriate in the best interest of the missing student. This may include notifying the student's instructors.

The Associate Vice-President for Communications and Marketing is the designated spokesperson that handles media inquiries concerning a missing students. He/she will consult with the Vice-President of Student Affairs or his/her designee, the Executive Director of the Department of Public Safety or his/her designee, the Chief Operating Officer, and/or the local law enforcement agency responsible for the investigation prior to any information release from the University, so as not to jeopardize the investigation. Information provided to the media to elicit public assistance in the search for the missing student will be handled by local law enforcement.

See [Boise State University Policy # 12070: Missing Students](#).

Firearms and Weapons Possession

A safe and secure environment is fundamental to fulfilling the University's mission of teaching, research, and public service. Boise State University is committed to maintaining an environment free of violence. This commitment includes restricting recognized hazards from the campus community that contribute to violence or serious harm.

A weapon is defined by [University Policy # 12080](#) as "any animate or inanimate device, instrument, material, or substance used for, or is readily capable of, causing death or serious bodily injury. Any device that is deadly or dangerous as well as replicas or facsimiles that may be perceived as a weapon. This includes, but is not limited to, firearms, knives, incendiary devices and explosives."

Generally, the possession, wearing, carrying, transporting, or use of any weapon is strictly forbidden on Boise State owned or controlled premises, including University-owned vehicles and others' vehicles parked on such premises. Violation of this policy may result in disciplinary action and sanctions up to and including exclusion or expulsion (in the case of students), exclusion or dismissal from employment (in the case of faculty and staff), or exclusion from campus (in the case of the public). Any questions regarding granting of exceptions to individuals or organization in addition to those specifically listed should be addressed to the Executive Director of the Department of Public Safety. No authorization period shall extend for more than one year.

The following are exceptions to the general prohibition of weapons on University owned or controlled premises:

Boise State University

2016 Annual Security and Fire Safety Report

- The lawful possession of weapons by full-time sworn peace officers, Level I reserve officers, and qualified law enforcement officers, as such officers are defined in 18 U.S.C. § 926B (whether in uniform or off-duty/plain clothes with proper identification). Also included in the exception are on-duty armored transport personnel.
- The lawful possession of firearms by qualified retired law enforcement officers, as such officers are defined in 18 U.S.C. § 926C and Idaho Code § 18-3302H, or by a person who holds an enhanced license to carry concealed weapons, as described in Idaho Code § 18-3302K.
 - It is not lawful for a person issued a license under the provisions of Idaho Code § 18-3302H or Idaho Code § 18-3302K to carry a firearm under the influence of alcohol.
 - It is also not lawful for a person issued a license under the provisions of Idaho Code § 18-3302H or Idaho Code § 18-3302K to carry a firearm within a student dormitory or residence hall, or within any building of a public entertainment facility. Specifically, those licenses do not permit carrying of firearms:
 - Within any student dormitories or residence halls.
 - Within any building of a public entertainment facility with a seating capacity of at least one thousand (1,000) persons such as Albertsons Stadium, Taco Bell Arena, Morrison Center, etc.
- The lawful possession of a weapon by members of the Reserve Officer's Training Corps (ROTC) program, when directed by a provision of the program and with permission of the Executive Director of the Department of Public Safety.
- The Executive Director of the Department of Public Safety may, at their direction and in writing, authorize specific individuals to bring weapons on University property for specific events and purposes.
- Personal protection pepper spray, i.e. Oleoresin Capsicum (OC), may be carried on campus, but not into campus entertainment facilities with a seating capacity of at least one thousand (1,000) persons.

Although the policy permits employees of the University to carry firearms if they hold certain licenses, it does not authorize any employee to use any weapon in any official capacity. Any use of a weapon by a University employee is not authorized in the course and scope of employment.

See [Boise State University Policy # 12080: Possession of Firearms/Weapons on University Owned or Controlled Premises](#).

Alcohol and Drug Policies

Boise State encourages a healthy environment for its students, employees, and guests. To this end, the University: (1) has developed policies and procedures regarding a drug-free workplace; (2) promotes education and training programs, both internally and externally, regarding alcohol and

Boise State University

2016 Annual Security and Fire Safety Report

other drug use/abuse, including training of incoming students with information on alcohol and drug use/abuse; (3) has implemented an employee assistance program; (4) provides wellness programs and activities for employees and students; and (5) participates in numerous community support and resource based programs. To learn more about these programs and see Boise State's policies regarding drug and alcohol use by employees and students, see the 2015-2016 Drug and Alcohol Abuse Prevention and Education report found at <https://hrs.boisestate.edu/process/support/2015-2016-Boise-State-Drug-Alcohol-Abuse-Prevention-Education-Program.pdf>.

In the interest of the personal health and safety of the campus community, Boise State University does not condone or ignore illegal alcohol or drug use or abuse. Boise State prohibits the illegal possession, use and sale of alcohol and illegal drugs. The Boise State Department of Public Safety enforces alcohol laws, including state underage consumption and possession laws. Federal drug law violations will be enforced by the appropriate investigative agency in cooperation with the Department of Public Safety. The [Idaho State Board of Education's policies](#) regulate the possession, use, and sale of alcohol beverages on the Boise State campus.

Boise State prohibits illegal possession, consumption, manufacture, and distribution of alcohol and other drugs by students in college or on University owned, leased, or operated facilities and property. [Boise State Policy #1050: Alcohol on Campus](#) provides requirements and exceptions to allow alcohol consumption and distribution to take place on campus during permitted events. Any individual that violates the policies stated in the code of conduct in the student handbook may be subject to any or all of the following: expulsion, suspension, conduct probation, censure, and/or restitution or compensation.

There are additional and more specific Housing and Residence Life expectations regarding alcohol use and definitions of violations in our residence halls, suites, townhomes and apartments. For more information, see Housing and Residence Life's Community Standards at <https://housing.boisestate.edu/community-standards/>

Boise State Student Involvement and Leadership Center also restricts student organizations' ability to possess, sell, or consume alcohol at events and activities. For more information, see the Boise State Student Organization Handbook at <http://getinvolved.boisestate.edu/student-organizations/handbook/student-organization-handbook-section-iv-g/>.

Boise State is also committed to maintaining a safe and healthy environment for other members of the University community in accordance with the Drug-Free Workplace Act of 1988, 34 CFR Part 85, and [Boise State University Policy# 7020](#), and will not tolerate the unlawful possession and/or use of a controlled substance (alcohol or any other drug) on its premises. If Boise State Policy #7020 is violated by faculty or staff, including student employees, the violator will be subject to disciplinary action (up to and including termination), and may be required to satisfactorily participate in a drug abuse assistance or rehabilitation program.

Boise State University

2016 Annual Security and Fire Safety Report

Illicit drugs include, but are not necessarily limited to, LSD, mescaline, crack, cocaine, speed, marijuana, heroin, peyote, and those controlled substances listed under schedules I, II, and III in Idaho State Code Title 37, Chapter 27.

Applicable legal sanctions for the unlawful possession or distribution of illicit drugs and alcohol:

1. Penalties for the use, unlawful possession, or distribution of illicit drugs are both serious and complex. They range from a misdemeanor penalty up to a \$1,000.00 fine and/or 6 months in jail to a life term in the Idaho Penitentiary for previous offenders and certain categories of drug dealers. You should know that Idaho judges are required in many cases to perform mandatory sentencing of convicted persons. A felony drug crime may result in incarceration in a state penitentiary, or a fine not to exceed \$25,000, or both. The penalties for use and/or distribution are found in Idaho State Code Title 37, Chapter 27. Federal penalties for the use, possession, or distribution of illicit drugs are similarly severe and complex. Federal judges are empowered to sentence offenders to a federal penitentiary, or to mete out substantial fines, depending on the offense, drug classification, and other factors.
2. The abuse or illegal possession of alcohol is proscribed under Idaho law. In Idaho, you must be 21 years of age or older in Idaho in order to purchase, possess, or consume an alcoholic beverage. Additionally, if a person's blood alcohol content is at or exceeds 0.08, it is unlawful to drive any motor vehicle, and a first offense can result in penalties of up to 6 months in jail and/or a fine of \$1,000.00. Driving privileges can also be suspended or revoked. There are also laws prohibiting public intoxication or possession of alcohol by a person less than 21 years of age.

Boise State will assist members of the campus community who are experiencing problems with alcohol or other drugs in making informed decisions about appropriate use, as well as the adverse consequences of alcohol or drug abuse on one's health and behavior. For any questions concerning alcohol and drug policies, procedures, disciplinary actions, and education programs, you may reference Boise State policies [#2020](#), [#2060](#), and [#7020](#) or contact the following:

- Vice-President of Student Affairs (208-426-1418)
- University Health Services (208-426-1459)
- University Counseling Services (208-426-1601)
- Human Resource Services (208-426-1616)
- Regional Alcohol Drug Awareness Resources Center (RADAR) (208-426-3471)

Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking

Boise State University is committed to maintaining a working and learning environment that is free from discrimination, harassment, and violence and in which all members of the University community are treated with dignity and respect. The University strives to create an environment that

Boise State University

2016 Annual Security and Fire Safety Report

supports, encourages and rewards career and educational advancement on the basis of ability and performance. Accordingly, Boise State prohibits, to the extent permitted by applicable law, discrimination or harassment on the basis of sex, gender, sexual orientation and pregnancy, including sexual misconduct (which includes sexual assault), domestic and dating abuse and violence, and stalking. See Boise State Policies [1060: Non-Discrimination and Anti-Harassment](#) and [1065: Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence and Stalking](#) for more information.

All members of the University community are responsible for following these University policies to create a campus environment free from prohibited sex and gender-based discrimination, harassment, and violence. The University expects all members of the University community to avoid any behavior or conduct that may reasonably be interpreted as unlawful sex or gender-based discrimination or harassment.

All Boise State employees must engage in appropriate measures to prevent violations of University policy, and promptly notify the Director of Title IX/ADA/504 Compliance [through the means listed in this report](#) after being informed of or having a reasonable basis to suspect that discrimination against, harassment of, or retaliation against a faculty, staff, or student occurred. Members of the University community are also expected to cooperate with the University in any investigation of allegations of sex- or gender-based discrimination, harassment, and violence.

Defining Sexual Assault, Domestic Violence, Dating Violence, Stalking and Consent as Defined by the Violence Against Women's Act (VAWA)

Boise State University prohibits the crimes of sexual assault, domestic violence, dating violence and stalking as those terms are defined for the purposes of the Clery Act. Definitions of the crimes of sexual assault, domestic violence, dating violence, and stalking as defined by the Violence Against Women Act (VAWA), the State of Idaho and Boise State University Policy are located in [Appendix A](#) of this report. The definition of consent in reference to sexual activity for the State of Idaho and University Policy is also found in [Appendix A](#).

Sexual misconduct, domestic violence, dating violence and stalking can occur within any combination of genders, gender identities/expressions, and sexual orientations. Pursuant to Boise State policies, individuals who wish to engage in any sexual activity must communicate their full intentions. To proceed with sexual activity, they must receive clear words or actions that indicate consent for the proposed activity. Silence nor a lack of resistance are not sufficient to indicate consent. In the absence of clear, active consent (i.e. there have not been any mutually agreed upon words or actions indicating consent), it is the responsibility of the person initiating sexual contact and/or intercourse to ensure that consent from the other person is present. Furthermore, consent must be obtained by the person initiating activity at every state of sexual interaction. Consent cannot be given by someone who is incapacitated by alcohol or drugs, unconscious, asleep, coerced,

Boise State University

2016 Annual Security and Fire Safety Report

threatened, or otherwise forced into sexual activity. Boise State uses the preceding information to determine whether or not a violation of applicable university policy occurred.

Primary Prevention and Ongoing Awareness Programming for Sexual Assault, Domestic Violence, Dating Violence and Stalking

Boise State University offers primary prevention and awareness programs to incoming students and new employees designed to prevent and intervene in sexual assault, domestic violence, dating violence and stalking. The University also provides or facilitates ongoing prevention and awareness campaigns to the University community throughout the year. For definitions of **primary prevention and awareness programming**, [see Appendix A](#). In an effort to increase awareness about the issues of sexual assault, domestic violence, dating violence and stalking, staff members will make themselves available to any student organizations and departments that would like additional information or presentations regarding these crimes. You can contact the Department of Public Safety at (208) 426-6911, the Gender Equity Center at (208) 426-4259, or the Director of Title IX/ADA/504 Compliance at (208) 426-1258 to request a special presentation for your organization.

Prevention and awareness programs offered by the University are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome, and consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels. The specific programming, campaigns and initiatives offered are detailed below. In their totality, these training programs include at least the following components:

- Clear language that Boise State prohibits sexual assault, domestic violence, dating violence and stalking;
- Definitions of sexual assault, domestic violence, dating violence, and stalking as defined by VAWA, the State of Idaho and University Policy;
- The definition of consent in reference to sexual activity as defined by the State of Idaho and University Policy;
- A description of safe and positive options for bystander intervention; and
- Information on risk reduction strategies;
- Information about possible sanctions or protective measures that the University may impose following a final determination of an institutional disciplinary procedure;
- Education about sexual assault, domestic violence, dating violence and stalking;
- Information about on and off campus services available to victims and how they can access those services as well as options for assistance;
- Procedures victims should follow if an offense has occurred, including information in writing about: the importance of preserving evidence when a VAWA offense occurs; to whom an offense should be reported; options regarding law enforcement and campus authorities, including the option to notify proper law enforcement authorities who include

Boise State University

2016 Annual Security and Fire Safety Report

on campus and local police, be assisted by campus authorities in notifying law enforcement if the victim so chooses, and decline to notify such authorities; and where applicable, the rights of the victims and the institution's responsibilities regarding orders of protection;

- Disciplinary procedures that the University follows;
- Information about how the institution will protect the confidentiality of victims;
- Written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims both on campus and in the community; and
- Written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations whether the victim chooses to report the crime to law enforcement or not.

Primary Prevention Programming

Students:

Think About It: The Boise State Office of the Dean of Students oversees an online program known as *Think About It* that helps new students examine the interconnected issues of substance abuse, sexual violence and healthy relationships. This online training course takes an advanced harm-reduction approach, and offers a variety of interactive and realistic scenarios meant to help students navigate how to help create a healthy and safe campus environment for everyone. This course also covers campus safety resources and reporting options. All new incoming and transfer students who are enrolled in at least 8 credits and under the age of 21 are required to complete the program in order to enroll for classes the following semester.

Orientation Programming: New Student Programs conducts 80 hours of annual training for student orientation leaders at the beginning of June every year. The training covers bystander intervention, Clery Act training and an overview of campus safety. At new student orientation, the Office of the Dean of Students presents a session to incoming students and their parents about campus resources, the CARE program, prohibited conduct (including sexual assault, dating and domestic violence and abuse, and stalking), and provides information about being an active bystander. Following that session, orientation leaders facilitate peer-led small group discussions with incoming students about the topics and resources mentioned above.

Faculty/Staff:

Gender and Sex-Based Misconduct Training: Between October 1, 2014 and June 1, 2015 the Office of Institutional Compliance and Ethics administered a mandatory training for all new employees titled *Eliminate Campus Sexual Violence*. This course was a gender-based violence prevention and response training that included information on bystander intervention, questions and

Boise State University

2016 Annual Security and Fire Safety Report

testing. Beginning in the fall of 2015, the Office of Institutional Compliance and Ethics administers a new training called, *Gender and Sex-Based Misconduct Prevention and Response*. This course is gender-based violence prevention and response training which includes information on policies and legal definitions, reporting requirements, risk reductions strategies, bystander intervention, how to respond to disclosures, avoiding retaliation, and maintaining a respectful environment. To learn more about this training, contact the Director of Title IX/ADA/504 Compliance at (208) 426-1258.

Clery Act and Crime Reporting Training: Boise State Department of Public Safety coordinates the online and in-person delivery of the *Clery Act and Crime Reporting Training* and its abridged version, titled the *Campus Security Authority Re-Certification Course*. All new employees must take the full *Clery Act and Crime Reporting Training* course shortly after hire and all Campus Security Authorities must take the full course or the abridged *Campus Security Authority Re-Certification Course* annually. The courses cover content including Clery Act requirements, the definitions of Clery Act crimes including sexual assault, domestic violence, dating violence and stalking, and also provides crime reporting options and resources. To request an in-person training, contact Elliot Cox at (208) 426-3225 or by email at elliotcox@boisestate.edu

New Employee Compliance Training: Human Resource Services oversees a new employee compliance training that all new employees are required to complete within 30 days of hire that is intended to familiarize new staff with certain policies and conduct expected of them. Policies covered in this certification include [Boise State Policy 1060: Non-discrimination and Anti-Harassment and the State of Idaho's Policy on Domestic Violence](#). Additionally, information is provided about how and to whom harassment and discrimination should be reported.

Workplace Violence Training: The Department of Public Safety conducts at least tri-annual Workplace Violence training as part of the Human Resource Services Employment Essentials supervisor training. This class emphasizes “zero tolerance” for sexual harassment and stalking identified in [Boise State Policy 12040: Workplace Violence](#) and cross checks the additional policies that address sexual assault, domestic violence, dating violence and stalking. Supervisors are also taught about how to handle and report incidents, including the use of the Campus Assessment Resource and Education (CARE) program.

Ongoing Prevention and Awareness Campaigns

Gender Equity Center Workshops and Programs: In Spring 2015, the Gender Equity Center housed two undergraduate positions, which grew in Fall 2015 to a graduate student and two undergraduate students. The Gender Equity Center received notice of a student fee increase in April 2016. This fee increase will be combined with the budget for an undergraduate student and the graduate assistant to fund a full time, licensed, professional Violence Prevention and Support Coordinator position.

Boise State University

2016 Annual Security and Fire Safety Report

Since January, 2015, Gender Equity Center staff members collaborated with a number of campus departments as well as student and community organizations to offer workshops on the dynamics of gender-based violence as well as to provide training on bystander intervention, fostering cultural change, and local resources. Regular programs include bystander intervention workshops focused on interrupting behaviors associated with relationship violence (offered exclusively to UF 200 and UF300 students), a bystander workshop focused on sexual assault prevention (targeted to non-UF classes, athletic teams, and student leaders), and various workshops focused on critical media literacy, consent, and healthy relationships.

In addition to the year round offerings of the two bystander workshops, the Gender Equity Center offers film screenings and original, interactive workshops. Annual events produced by the Gender Equity Center include a film screening and discussion for the Criminal Justice Department's Victim's Rights Week and a partnership with a local shelter to offer The Clothesline Project. Throughout the year, students offer interactive tabling events stationed in the residence halls, in the Quad, and the Student Union Building. Tabling events have focused on recognizing un/healthy relationships and discussing behaviors bystanders can take to counter violence. Professional staff supplement student efforts and take the lead in training professional staff and interns in other departments such as Housing and Residence Life, as well as offering a parent Q&A safety panel during new student orientations. Gender Equity Center staff also partner with various classrooms, and campus and student organizations to offer original programs focused on these issues. From January 1, 2015 until June 27, 2016, Gender Equity staff offered programs to over 3,200 participants. (Note: This count is primarily unique, but includes some overlap in participants who are involved in both student organizations and classes or student employment on campus.)

In the last year, partners who have attended training provided by the Gender Equity Center include the Athletics Student Summer Bridge Program, Housing and Residence Life, Honors College Peer Mentors, the Foundational Studies Program, ROTC program, Tri Delta Sorority and Phi Delta Theta Fraternity, Criminal Justice Department, New Student Programs, International Student Services, and various student organizations. In October 2015, the Gender Equity Center also partnered with the Office of Institutional Compliance and Ethics to offer a regional conference on Title IX.

Gender Equity Center staff will continue to focus on increasing offerings in classrooms, promoting content specifically focused on stalking, and evolving skill building portions of bystander workshops. For more information or to request a training, please contact Director Adriane Bang at (208) 426-4259 or by email at adrianebang@boisestate.edu.

Title IX Training: The Office of Institutional Compliance and Ethics provides annual training to Boise State Athletics and Housing and Residence Life staff using a primarily scenario based delivery method that provides information about Title IX coverage, red flags, and reporting responsibilities. When requested by Human Resource Services, the Office of Institutional Compliance and Ethics also trains Boise State supervisors on civil rights laws, the value of diversity,

Boise State University 2016 Annual Security and Fire Safety Report

effects of workplace discrimination and harassment and how to respond to inappropriate behavior. In addition, within the last year the Boise State Director of Title IX/ADA/504 Compliance has provided various Boise State staff members with training on sexual assault interviewing methodology, Title IX, sexual harassment, identifying inappropriate workplace behavior, and also assisted with training the Boise State Student Conduct Board on [Policy 1065: Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking](#). The Office of Institutional Compliance and Ethics hosted a two-day, regional Title IX training in October 2015. To request a training, contact the Director of Title IX/ADA/504 Compliance by calling (208) 426-1258.

Residence Life Training: To educate and support the on campus residential community, Housing and Residence Life staff provide three tracks of active and passive opportunities where students living on campus learn about the definition of consent, healthy relationship dynamics, bystander intervention, and policy information regarding prohibited conduct such as sexual assault, stalking, and relationship violence. One of these programming opportunities is the First Community Meeting, hosted by a Resident Assistant fall and spring semester, where residents learn about campus policies and procedures, resources, and expectations. A second programming track is hosted by the First Year Residential Engagement Program, where first year students living on campus learn information on the above topics from a diverse array of campus partners. Programs such as 'You Call the Shots' and 'Healthy Relationship Tips' took place on a monthly basis rotating through each of the first year residence halls. These programs were overseen by the Coordinator for Learning & Leadership, Roni Beck, and presented by staff members from University Health Services and the Gender Equity Center. The third programming track includes Resident Assistants sharing information or coordinating campus partners to present on the topics above. On average, the Peer Health Educators from Health Services brought in programs such as 'Topsy Towers' and 'Condom Carnival' twice a month in Boise State's six different residential communities. Additionally, prevention methods and tips were displayed throughout the residential community bulletin boards on a monthly basis. To learn more about these programs, contact Housing and Residence Life staff at (208) 447-1001.

SIGMA: In partnership University Health Services, the Student Involvement and Leadership Center presents an alcohol education program for students of the fraternity and sorority life community. The program is titled SIGMA (Students Improving Greek Management of Alcohol) and is offered multiple times each spring semester for all who joined the fraternity and sorority community the previous fall. During this program, students learn information such as standard drink sizes, what classifies binge drinking, consent as it relates to sexual activity and how drinking can impair judgment and decision-making. It also discusses ways to assist peers who have drunk too much and includes a case study where the students discuss the various ways someone could have interfered during the story that would have saved the woman described in the case study. To learn more or request a training, contact the Student Involvement and Leadership Center at (208) 426-1223.

Boise State University

2016 Annual Security and Fire Safety Report

Social Media: The Boise State Department of Public Safety regularly publishes crime information on its Facebook, Twitter and Department webpage. This content typically includes information about a variety of crimes and crime prevention but specifically addresses sexual assault, relationship violence and stalking. Published content also typically includes information about risk reduction, bystander intervention, crime reporting options and campus resources. Additionally, the Department of Public Safety may, depending on the circumstances, work in concert with other campus Departments to organize public information forums that provide information and resources to address ongoing or serious issues taking place on or around campus. Follow the Department of Public Safety on Twitter at @BSUPublicSafety, on Facebook at Boise State University Department of Public Safety, or visit the Department homepage at <https://publicsafety.boisestate.edu/>.

Boise State University also hosts outside groups and organizations to aid in crime prevention and awareness programming. The Boise Police Campus Patrol Unit and the Boise Police Crime Prevention Unit are actively involved in reaching out to the Boise State campus community to provide crime prevention education. The issues of sexual assault, domestic violence, dating violence and stalking, along with general crime prevention information, are all topics covered in crime prevention and personal safety programming that the Boise Police Department offers to the Boise State campus community.

The Power of Prevention: One of these programs offered is titled *The Power of Prevention, Personal Safety and Self-Defense for Women*. This class is presented by the Boise Police Crime Prevention Unit in classroom/presentation style and is usually held in the Recreation Center three times per semester. This class covers the issues of sexual assault, relationship violence, stalking and other prevention material dealing with personal safety. The class is designed to instill empowerment, mindset, and awareness of attendees. It also provides hands-on techniques when having to physically protect oneself. This class is also available to all other students, faculty and staff upon request. To request this class, please contact Tuckie Shaver at [\(208\) 570-6073](tel:(208)570-6073).

Campus Patrol Unit Training: The Boise Police Campus Patrol Unit offers regular presentations and training to various student groups and athletic teams. These trainings typically occur a few times each semester and are done on an as-requested basis. Training provided includes sexual assault, relationship violence and stalking awareness and prevention information that is tailored to the group requesting the training. Topics covered also typically include information on bystander intervention, risk reduction, and an explanation of Boise Police resources and processes. To request a presentation, contact the Boise State Department of Public Safety at [\(208\) 426-6911](tel:(208)426-6911).

Idaho Coalition Against Sexual & Domestic Violence Programs: Another local resource that Boise State partners with for programming on campus is the Idaho Coalition Against Sexual & Domestic Violence. Over the past year, members of the Idaho Coalition Against Sexual & Domestic Violence have regularly presented on or co-hosted programs to the campus community covering bystander intervention, stalking, threat assessment and Title IX. To request resources or training,

Boise State University

2016 Annual Security and Fire Safety Report

contact the Idaho Coalition Against Sexual & Domestic Violence at (208) 384-0419 or by email at info@engagingvoices.org.

Women's and Children's Alliance Programs: The Women's and Children's Alliance (WCA), a local organization that provides safety, healing and freedom from domestic abuse and sexual assault, offers primary prevention, bystander intervention, risk reduction and general awareness programming to the campus community upon request. These presentations are typically geared towards students but are also available to the broader campus community. In 2016, the WCA participated in various tabling events on campus throughout the year, including for Denim Day, the Clothesline Project and during the Bronco Fit Health Fair. The WCA also provided targeted educational presentations throughout the year to student groups and to the broader Boise State community. The WCA operates secure shelters and provides professional counseling, legal advocacy, crisis services and case management to survivors of domestic and sexual abuse; as well as prevention, education and outreach in the community. The administrative and program offices of the WCA are located 720 W. Washington Street, Boise, Idaho 83702. For more information, visit www.wcaboise.org or call the 24-hour confidential Domestic Abuse Hotline at (208) 343-7025 or Sexual Assault Hotline at (208) 345-7273. To request a training, contact the WCA Outreach Coordinator by email at outreach@wcaboise.org.

National Crime Victims' Rights Week: For over ten years, each April the Department of Criminal Justice at Boise State University has hosted four full days of workshops on campus to coincide with the observance of National Crime Victims' Rights Week. Workshops are open to all Boise State students, faculty, and staff, as well as to the public. Students may also register and receive one or two credits by attending a certain number of hours of workshops and successfully completing online exams. The content of the workshops varies each year, but frequently offered topics include: victimology, sexual violence, intimate partner violence, stalking, child victimization, elder abuse, crime prevention, and bystander intervention. In addition to these workshops conducted by academic and practitioner experts in the field, documentaries on a variety of topics related to victimization are also shown. For example, in 2016, the documentary, "Boys and Men Healing from Child Sexual Abuse" was shown and followed by a panel discussion hosted by Boise State's Gender Equity Center. In 2017, Crime Victims' Rights Week workshops at Boise State will be held from April 17-April 20. Further information about the workshops, including the schedule, will be available in the spring on the Department of Criminal Justice's website at <https://sps.boisestate.edu/criminaljustice/>.

Boise State University

2016 Annual Security and Fire Safety Report

Bystander Intervention

Bystanders play an important role in the prevention of sexual assault, dating and domestic violence and abuse, and stalking. Bystander intervention is a way for the whole community to ensure the safety of all its members. This means we can all make a difference by choosing to speak out, intervene, or do something when we hear disrespectful jokes or comments or witness disrespectful or harmful actions. Intervening is as simple as saying, “That’s not funny,” or as urgent as dialing 911 if you or someone else is in danger. Below is a list of some other ways you can look out for your community members through being an active bystander. To request bystander intervention training, contact the Boise State Gender Equity Center at (208) 426-4259. The definition of Bystander Intervention can be found in [Appendix A](#).

- Watch out for your friends and fellow Boise State community members. If you see someone who appears to as if they are in trouble or need help, ask them if they are ok.
- Confront people who seclude, make sexual advances towards, or try to have sex with people who are incapacitated by drugs or alcohol or due to a disability.
- Speak out if you hear someone talking about plans for taking advantage of, threatening, or otherwise causing harm to another person.
- If someone discloses being the victim of sexual assault, relationship violence or stalking, believe them.
- Point people to the resources and offices listed in this report for support in health, counseling, and advocacy.
- Utilize features of Boise State’s free mobile safety application, Rave Guardian, that allows users to text and call the Department of Public Safety if help is needed, and also allows users to look out for one another by designating “Guardians” to look out for them as they go about their day. For more information about Rave Guardian, including how to sign up, go to <https://security.boisestate.edu/rave-guardian/>. To request a presentation on Rave Guardian, please contact Elliot Cox at (208) 426-3225 or Rob Littrell at (208) 426-3638.

Boise State Gender Equity Center

Contact Info

The Gender Equity Center is located on the second floor of the Student Union Building, next to the Student Diversity Center.

Address:

1700 University Drive

Boise, Idaho 83725-1335

Phone: (208) 426-4259

Risk Reduction

Risk reduction programs typically focus on ways can identify potentially harmful situations and risks. [The definition of Risk Reduction can be found in Appendix A](#). Risk reduction programming includes self-defense classes and safety programs, which examine the tactics that perpetrators use to compromise situations and force or coerce attacks. While risk reduction programs may assist in

Boise State University

2016 Annual Security and Fire Safety Report

mitigating some known risks, they cannot prevent an attacker from committing acts of violence. Recognizing that the perpetrator of violence or abuse is the sole party responsible for that behavior and that victims are never to blame, the following are some strategies to reduce one's risk of sexual violence (taken from Rape, Abuse & Incest National Network, www.rainn.org).

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don't know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, try and leave or get out of the situation.
- Make sure your cell phone is with you and charged. If you see something suspicious, call law enforcement by dialing 911.
- Don't allow yourself to be isolated with someone you don't know or trust.
- Avoid putting headphones in both ears so you can be more aware of your surroundings, especially if you are walking alone.
- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together.
- Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you have left your drink alone, just get a new one.
- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from punchbowls or other large, common open containers.
- Watch out for your friends, and ask your friends to watch out for you. If a friend seems out of it, is more intoxicated than they should be given the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect a friend has been drugged, contact law enforcement immediately by dialing 911.
- When entering new and unfamiliar space identify escape routes. How would you try to get out of the room if you needed to? Where are the doors and windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

Procedures for Reporting a Sexual Assault, Domestic Violence, Dating Violence, and Stalking

If you or a friend experienced sex or gender-based violence, Boise State recommends you consider taking the following steps:

Boise State University

2016 Annual Security and Fire Safety Report

1. Go to a safe place as soon as possible and speak with someone you trust about what happened.
2. If you have been sexually assaulted or are the victim of domestic violence, dating violence, or stalking, we encourage you to report this crime to one of the following, but ultimately the choice of whether to report and to whom to report is yours:
 - a. **In an emergency situation**, including situations where there is a possible ongoing risk to others, **always call 9-1-1**
 - b. **The Department of Public Safety** may be reached 24-hours a day at (208) 426-6911 or by activating a blue emergency phone located throughout the main campus. You can also make a report in-person at the Department of Public Safety Office located at 2245 University Drive, Boise, Idaho. If you prefer, you can contact the Boise Police Department directly at (208) 377-6790. The Department of Public Safety and Boise Police provide the Boise State University Director of Title IX/ADA/504 Compliance information on reports of gender-based violence involving students.
 - c. **The Director of Title IX/ADA/504 Compliance** may be reached by phone at (208) 426-1258, by email at ReportDiscrimination@boisestate.edu, or in-person at Riverfront Hall, Suite #306 at 1987 Cesar Chavez Drive, Boise, Idaho 83706.
3. Victims of VAWA offenses have several options, including the option to notify law enforcement authorities about the offense, the option to be assisted by campus authorities in notifying law enforcement if they choose to do so, and the option to decline to notify such authorities. Boise State will comply with a student's request for assistance in notifying authorities. If you prefer to contact a campus resource outside of the Department of Public Safety to learn about your rights on campus, receive assistance and referrals for supportive services, and discuss formal reporting options, including the option to notify on-campus authorities and local law enforcement, options include:
 - a. The Director of Title IX/ADA/504 Compliance, (208) 426-1258. The Director of Title IX/ADA/504 Compliance can meet with you to explain your rights, provide referrals, and discuss and the University's investigation and disciplinary process before you provide information regarding your experience. If you choose to provide information regarding your experience to the Director of Title IX/ADA/504 Compliance, the Director may have to conduct an investigation, regardless of your wishes, if there is an indication of an ongoing threat to you or other members of the campus community. This investigation is University-based and is completely separate from any criminal investigations of the same incident. Physical evidence or other documentation is not required to report incidents to the Director of Title IX/ADA/504 Compliance.
 - b. The Boise State Gender Equity Center, (208) 426-4259. A social worker at the Gender Equity Center can meet with you in person or talk with you on the phone to discuss your options and provide assistance and information on reporting to police, filing a complaint with the University, and accessing medical, counseling,

Boise State University

2016 Annual Security and Fire Safety Report

and other supportive services. Services provided by a Gender Equity Center social worker can be done in a confidential manner and are free.

4. **Local Law Enforcement Agencies and What to Expect After Making a Report**
 - a. **For the Boise State Main, Downtown and Gowen Field Campuses** the local law enforcement agency is the Boise Police Department, who can be contacted by phone at (208) 377-6790. Whenever the Boise Police Department (BPD) receives a report of a VAWA crime, a BPD officer will work with the reporting party to conduct a criminal investigation and develop a safety plan as necessary. Where appropriate, a Boise Police Victim Witness Coordinator may also be assigned to assist in the provision of resources for the victim.
 - b. **For the Boise State at CWI Campus** the local law enforcement agency is the Nampa Police Department who can be contacted by phone at (208) 465-2257. When the Nampa Police Department receives a report of a VAWA crime, a Nampa PD officer will work with the reporting party to conduct a criminal investigation and develop a safety plan as necessary. Additionally, where appropriate, a Nampa Police Victim Witness Coordinator may be assigned to assist in the provision of resources for the victim, and a Persons Crime Detective may be assigned for further investigation.
 - c. **For the College of Southern Idaho Campus** the local law enforcement agency is the Twin Falls Police Department, who can be reached by phone at (208) 735-4357. When the Twin Falls Police Department receives a report of a VAWA crime, a Twin Falls PD officer will work with the reporting party to conduct a criminal investigation and develop a safety plan as necessary. Twin Falls PD officers will also provide the victim with a resource pamphlet that includes information on how to obtain a protection order, and will also assign the victim a Victim Witness Coordinator through the Twin Falls County Sheriff's Office.
 - d. **For the Lewis-Clark State College Campus** the local law enforcement agency is the Lewiston Police Department, who can be reached by phone at (208) 746-0171. When the Lewiston Police Department receives a report of a VAWA crime, a Lewiston Police officer will work with the reporting party to conduct a criminal investigation and develop a safety plan as necessary. For reports of sexual assault, Lewiston Police will offer the victim an advocate through the Young Women's Christian Association (YWCA), assign a Detective and notify LCSC Security if the victim is a student.
 - e. **For the Lewis-Clark State College at NIC Campus** the local law enforcement agency is the Coeur d'Alene Police Department, who can be reached by phone at (208) 769-2320. When the Coeur d'Alene Police Department (CDAPD) receives a report of a VAWA crime, a CDAPD officer will work with the reporting party to conduct a preliminary criminal investigation. The case will be referred to a CDAPD Detective for follow up. CDAPD SRO for NIC and NIC Security will assist Boise State University in developing a safety plan as necessary. Victim

Boise State University

2016 Annual Security and Fire Safety Report

support information will be given via CDAPD. When practicable the initial and follow up investigations will be handled by the NIC SRO.

- f. **For the Mountain Home Air Force Base Campus** the local law enforcement agency is the Mountain Home Air Force Base Security Forces Squadron, who can be reached by phone at (208) 828-2258. When the Security Forces Squadron receives a report of a VAWA crime, a criminal investigation is completed. If a sexual assault is reported, the Air Force Office of Special Investigations (OSI) will initiate a criminal investigation. However, OSI will also inform the FBI about the allegation, who may choose to take over the investigation. If not, OSI will complete the investigation. Victims of sexual assault will be assigned a Sexual Assault Response Coordinator to assist with acquiring resources. For cases of domestic violence, dating violence and stalking, victims will be assigned to the Mountain Home Air Force Base Family Advocacy Office to assist with acquiring resources. If the victim is a military member, they will be connected with on-base resources. If the victim is a civilian, they will be connected with local, off-base resources. If the perpetrator of any VAWA crime reported to have occurred on-base is a civilian, the case will be given to the United States Attorney's Office. If the perpetrator is a military member, on-base court martial proceedings will be initiated.
5. In order to help prevent victimization of other people, the University may notify the campus community of offenses reported to it. These University notifications are rare and do not include the name of a reporter or victim. In addition, the University will include the statistics of such offenses in this report each year.
6. It is important to preserve evidence of any gender or sex-based offense, as such evidence may be necessary proof to prosecute the accused and may also be helpful in obtaining a civil protection order.
 - a. To preserve evidence of sexual assault, please consider the following:
 - i. Forensic evidence collection (a sexual assault exam) should be sought within 72 hours of an assault and is best collected immediately following the incident. Technological advancements make it more likely that medical professionals can collect evidence even after 72 hours following an assault; however, it is important to remember that the more time passes between the incident and seeking an exam, the less likely it will be to collect physical evidence that may be very important to the prosecution of a criminal case.
 - ii. Additionally, to preserve other evidence in the case of sexual assault, it is recommended that you do not shower or bathe, wash your hands, use the toilet, douche, eat, drink, smoke, brush your teeth, change clothing, or wash clothing or bedding before a medical exam or reporting to law enforcement. But, even if you have already taken any of these actions, you are still encouraged to seek medical care and examination. Also, keep emails, text messages, social media postings, or any other digital

Boise State University

2016 Annual Security and Fire Safety Report

- information about the incident or other methods of contact from the accused that help document what happened.
- iii. If you wish to make a report to the police, or if you wish to have evidence collected so you can make this decision later, you may seek services by calling the local police dispatch number or contacting a local family justice center. FACES (the family justice center located in Boise) (577-4400) facilitates sexual assault forensic examinations for the Treasure Valley and is located within walking distance of the main Boise State campus. There is no direct cost to the victim to receive a sexual assault forensic exam, and you do not need to file a police report in order to obtain one.
 - iv. It is preferred that a police department facilitates the collection of other forensic evidence. However, if you are not sure if you want to report to the police or if it has been longer than 72 hours after the assault, you may wish to gather all clothing and bedding that may be used for evidence and place them into a clean paper bag or clean sheet. Items should be stored at room temperature until you decide whether or not you want to report to law enforcement. To protect the integrity of the evidence, do not store items in plastic bags or other similar, non-breathable materials.
- b. In cases of dating or domestic violence or abuse, the resource you choose to report the behavior to (a doctor, the police, an advocate, etc.) may recommend ways to preserve evidence such as logging incidents, photographing injuries, seeking medical care, et cetera. If you do not want to report the abuse, keep records of incidents (pictures, journals, voice mail, text messages, and the like) in a secure location that cannot be accessed by your partner.
 - c. Information on how to document stalking is available at http://www.victimsofcrime.org/docs/src/stalking-incident-log_pdf.pdf?sfvrsn=4. In addition to logging unwanted contact, an advocate or police officer may recommend you save and photograph unwanted text messages, emails, letters and gifts and store them in a secure location.
7. For your safety and wellbeing, immediate medical attention is encouraged after experiencing dating/domestic violence or sexual assault. Further, being examined as soon as possible is important. FACES (located at 417 S. 6th Street, phone number 208-577-4400) is a specialized facility close to campus with experienced nurses and physicians trained to conduct sexual assault forensic exams. The facility also employs a physician who specializes in providing services for victims of domestic violence. If you have a significant injury requiring immediate medical attention, you should go to an emergency room at Saint Alphonsus or St. Luke's hospitals; both have response teams specially trained to assist victims of sexual assault and domestic violence. If you do not have injuries or your injuries are minor, hospital staff or law enforcement may transport you to FACES for services. It is recommended that you seek medical

Boise State University

2016 Annual Security and Fire Safety Report

treatment, regardless of whether or not you report the incident to the police. Non-emergency medical services are available at the Boise State Health Center, located on the 2nd floor of the Norco Building at 1529 Belmont Street, Boise, Idaho. They can be reached by phone at (208) 426-1459.

8. When an incident is reported at a hospital, a police detective may come to talk to you along with a Victim/Witness Coordinator (an employee of the city/county that works with the investigating law enforcement agency and the prosecuting attorney's office to assist you through the judicial process). Boise State encourages its community members to report all crimes to law enforcement; however, know that you do not have to talk to a police officer at the hospital.
9. Even after reporting to law enforcement and/or getting medical attention, consider seeking counseling or other support. In addition to the Gender Equity Center and the Director of Title IX/ADA/504 Compliance, there are many services available on campus and in the community to support students and employees in crisis, including counseling, health, mental health, victim advocacy, legal assistance, and visa and immigration services [as found here](#). You can call Boise State University Counseling Services or Boise State University Health Services at (208) 426-1459 (confidential services) during weekday business hours. In Boise, there are confidential 24-hour sexual assault and domestic violence crisis lines operated through the Women's and Children's Alliance. The sexual assault crisis line is (208) 345-7273 and the domestic violence crisis line is (208) 343-7025. The hotlines are available to respond to anyone's concerns and provide referral information.

Written Notification of Rights and Options

When a student or employee reports to Boise State that they have been the victim of a sexual assault, domestic violence, dating violence or stalking, whether the offense occurred on or off-campus, the University will provide the Reporter a written document explaining their rights and options and procedures victims should follow if a VAWA crime occurred. This document includes information about the importance of preserving evidence that may assist in proving the alleged criminal offense occurred or that it could be helpful in obtaining an order of protection. This document also includes written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to victims, both within the University and in the community.

The document includes written notification to victims of sexual assault, domestic violence, dating violence and stalking options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures. Boise State will make such accommodations or provide such protective measures if the victim requests them and are reasonably available, regardless of whether the victim chooses to report the crime to Department of Public Safety or any other law enforcement agency. The Director of Title IX/ADA/504 Compliance determines which accommodations and other measures to provide based on each incident's individual

Boise State University

2016 Annual Security and Fire Safety Report

circumstances and the needs and wishes of the requesting party. In all cases, student safety is a top concern. Additionally, the document contains information about the procedures for initiating institutional disciplinary action in cases of alleged sexual assault, domestic violence, dating violence and stalking. To request this document, contact the Office of Institutional Compliance and Ethics at (208) 426-1258, the Department of Public Safety at (208) 426-6911, or the Gender Equity Center at (208) 426-4259.

Protection Against Retaliation

If you report an incident of sex discrimination, sexual harassment (including sexual assault), domestic violence, dating violence, or stalking, or provide information in the course of an investigation thereof, the University will take steps to protect you from retaliation and will respond to reports of retaliation appropriately and promptly. Specifically:

1. Boise State prohibits members of the University community from retaliating against an individual who has made a good faith complaint under University policy or anyone who has cooperated in good faith in the investigation of a complaint. The University will take every step necessary to protect the complainant and any witnesses against retaliation for bringing a complaint or for participating in its investigation.
2. Members of the University community who retaliate against complainants or witnesses in an investigation conducted pursuant to University policy shall be subject to appropriate disciplinary action.

Complaints of retaliation under this section should be reported to the Director of Title IX/ADA/504 Compliance. You can contact the Director by phone at (208) 426-1258 or by email at reportdiscrimination@boisestate.edu.

Services for Victims and Protective Measures

The Director of Title IX/ADA/504 Compliance or designee will offer assistance to victims of sexual assault, domestic violence, dating violence and stalking in the form of opportunities for academic accommodations (for example, class schedule changes, incompletes, or withdrawals), changes in housing for the Reporter or Respondent when appropriate, changes in working situations, and other assistance if requested by the Reporter and are reasonably available (such as no contact orders, campus security escorts, transportation assistance, targeted interventions, etc.).

Victims may request protective measures and changes to their academic, work, living, and transportation situations by contacting the Director of Title IX Compliance at (208) 426-1258 or by emailing reportdiscrimination@boisestate.edu.

Confidentiality of Victims

Accommodations and other protective measures provided to Reporters are maintained as confidential to the extent that maintaining such confidentiality does not impair the ability of the University to provide the accommodations or protective measures in a timely manner. Additionally, the investigation outcome and any resolution by the University are maintained with Reporter and Respondent privacy in mind. Information may be shared internally on a need to know basis between administrators and Boise State staff. Where information must be shared to permit the investigation to move forward, the person bringing the accusation will be informed. Privacy of the records specific to the investigation is maintained in accordance with Idaho law and FERPA statute, as well as any other applicable law or regulation. Any public release of information, including that to comply with Clery Act provisions such as the Campus Crime Log or issuing campus alerts, will not include the names of victims or information that could easily lead to a victim's identification.

Victim's Bill of Rights

You have the right to...

- Be informed of all reporting options.
- Be free from pressure to make a criminal report.
- Have any allegations of sexual assault investigated and adjudicated by the appropriate campus, civil, and criminal authorities.
- Be notified of existing campus and community medical services, victim advocacy, legal assistance, visa and immigration assistance, student financial aid assistance, counseling and mental health services whether or not the crime is reported to campus or civil authorities.
- Receive, when required, the full, prompt cooperation of campus personnel when obtaining, securing, and preserving evidence.
- Be informed of options for, and assistance with making changes to academic, living, transportation and working situations as well as protective measures offered by Boise State University.

Response Guarantee from the Department of Public Safety

Law enforcement services are provided through a contract with the Boise Police Department; police officers are fully trained in working with victims of sexual assault and know the requirements for preserving evidence.

What victims can expect:

Boise State University

2016 Annual Security and Fire Safety Report

- We will meet with you privately or at a place of your choice to make a report.
- We will not release your name to the public or press. Crime statistics and incidents are public records, but identifying information is withheld.
- Our officers will not judge you, and you will not be blamed for what occurred.
- We will treat you and your particular case with courtesy, sensitivity, dignity, understanding, and professionalism.
- If you have a preference for either a male or female officer, we will do our best to accommodate your request.
- We will assist you in receiving hospital, medical, counseling, and other support services even if you choose not to pursue criminal charges.
- We will fully investigate your case and will help you to achieve the best outcome. This may involve the arrest and full prosecution of the suspect(s). You will be kept informed of the progress of the investigation and/or prosecution.
- We will consider your case seriously, regardless of your gender and sexual orientation, and regardless of the gender and sexual orientation of the suspect(s).

Orders of Protection

Victims of sexual assault, domestic violence, dating violence and stalking may wish to prevent their attackers from contacting them. In Idaho, there are three different types of Orders of Protection: Criminal No Contact Orders, Civil Protection Orders (including Tribal Protection Orders), and University-Based No Contact Orders. All three are issued through different processes and can all be active concurrently. The process for obtaining the different kinds of Orders of Protection are detailed below. Boise State will assist in the enforcement of any type of Order of Protection if the Order is known. Violations for Criminal No Contact Orders and Civil Protection Orders may result in criminal charges, while violations of University-Based No Contact Orders may result in disciplinary action by the University. The University will assist victims with concerns regarding any of the three Orders of Protection. The Boise State Gender Equity Center can provide information and advocacy for students or employees who wish to obtain or learn more about an Order of Protection and can be reached by phone at (208) 426-4259.

University community members who have received a Civil Protection Order or Criminal No Contact Order are encouraged to contact and provide a copy of the order to the Department of Public Safety so campus authorities and police may assist in Order enforcement. The Department of Public

Boise State University

2016 Annual Security and Fire Safety Report

Safety can be reached by phone 24-hours a day at (208) 426-6911. This notification is especially important when that order lists University locations as protected areas. University community members who have Orders of Protection in place which are violated should immediately contact local law enforcement authorities.

Criminal No Contact Orders

When a criminal charge has been filed, only the court can issue a No Contact Order prohibiting the defendant from contacting the victim(s). These may expire at the end of a criminal case, and victims should keep in contact with their victim witness coordinator and prosecutor to know when a No Contact Order has been imposed or will expire.

Civil Protection Orders: Domestic Violence, Stalking/Harassment and Tribal

Unlike Criminal No Contact Orders, victims can petition for a Civil Protection Order at their local courthouse, typically at no cost, even if there is no related criminal case. In Idaho, there are two different types of Civil Protection Orders as well as tribal-specific Protection Orders that can be applied for at a local courthouse. The criteria for each Order and how to apply are outlined below. Note the definitions contained in the criteria reflect Idaho state codes:

⁷Criteria for a Domestic Violence Protection Order:

1. A **domestic relationship** must exist between the petitioner and the respondent.
 - a) A domestic relationship includes being married or previously married; dating or previously dated; having a child in common; living together or formerly lived together; or being related by blood, marriage, or adoption.
2. A recent **act or threat** of:
 - a) **Physical Injury; OR**
 - b) **Sexual abuse; OR**
 - c) **Forced imprisonment:** examples may include being held against one's will, withholding keys, not allowing a person to leave, etc.

Criteria for a Stalking/Harassment Protection Order:

1. There are **no relationship requirements** for this Protection Order. A victim can file against anyone who has engaged in stalking or harassment against the victim or the victim's household.
2. An **act of:**

Boise State University

2016 Annual Security and Fire Safety Report

- d) **Stalking:** repeated, nonconsensual contact either in person or electronically; **OR**
- e) **Telephone harassment:** electronic communication that (1) threatens someone, (2) is lewd or profane, or (3) disturbs someone's peace through repeated contact; **OR**
- f) **Malicious harassment:** any act or threat to injure someone or their property, based on their race, color, religion, ancestry or national origin.

Criteria for a tribal-specific Protection Order: There are five different tribal courts that have jurisdiction within Idaho that offer their own specific Protection Order. Tribal-specific Protection Orders require the victim to apply at their local Tribal Courthouse and can only be applied for if the victim is a member of that tribe. Typically, a tribal-specific Protection Order requires the tribal member to go before a judge or Tribal Council to have their case heard.

⁷Copyright 2016 WCA- Protection Order Orientation Handout

How to Apply for a Civil and Tribal Protection Order

All three types of Protection Orders require the victim to apply at their local courthouse. Contact information about where the campus community can request information about and apply for Civil and Tribal Protection Orders is detailed below based on which Boise State campus you attend or which tribe you are a member of:

Campus	County Court	Court Address	Court Phone Number
Main	Ada	200 W. Front St Boise, Idaho 83702	(208) 287-6900
Downtown	Ada	200 W. Front St Boise, Idaho 83702	(208) 287-6900

University-Based No Contact Orders

Victims may request that the Department of Public Safety issue a location-specific or campus-wide exclusion order; these requests will be considered on a case-by-case basis. The Department of Public Safety can be reached at (208) 426-6911. Victims at any Boise State campus seeking an exclusion order may also ask the Director of Title IX/ADA/504 Compliance for assistance. In addition, the Director of Title IX/ADA/504 Compliance or his/her designee also may issue temporary University-based no contact orders, when necessary to protect the health and safety of campus community members. The Director of Title IX/ADA/504 Compliance can be reached by phone at (208) 426-1258. If the victim is at a separate campus, the Director of Title IX/ADA/504 will work with the local institution/authorities to assist the victim in getting an appropriate No Contact Order in place.

Investigation Process, Disciplinary Actions, and Possible Sanctions

Any time the University receives notice of suspected or actual sex or gender-based discrimination or harassment, including sexual assault, domestic violence, dating violence, or stalking, it must investigate. The University official designated to conduct and oversee investigations is the Director of Title IX/ADA/504 Compliance. Other employees shall not take it upon themselves to investigate such claims. Therefore, whenever a University employee (except those that are designated confidential reporting resources) receives information regarding such an incident, that employee must report that information to the Director of Title IX/ADA/504 Compliance.

University investigations may be limited by the information provided by the reporting party. At a minimum:

Boise State University

2016 Annual Security and Fire Safety Report

1. If the report is made to the Director of Title IX/ADA/504 Compliance by someone other than the victim, the Director of Title IX/ADA/504 Compliance or designee will contact the victim to provide information on Title IX, relevant campus administrative proceedings, and rights and responsibilities.
2. The Director acts as the gatekeeper to determine if the information available warrants a full investigation. If the information taken on its face indicates a violation of applicable University policy may have occurred, the Director will initiate a full investigation.
3. During an investigation immediate interim measures may be put in place to protect members of the University community. Interim measures may include, but are not limited to:
 - a. Administrative temporary no contact orders
 - b. Employment and academic adjustments
 - c. Suspension
 - d. Housing transfers or lease termination
 - e. Temporary removal from clubs, organizations, or athletic teams
 - f. Suspension of student or staff/faculty identification card
4. If warranted, the Director of Title IX/ADA/504 Compliance or designee will complete a prompt, thorough, and impartial investigation. If the investigation results in a finding of a violation of University policy, the findings along with recommended sanctions will be forwarded for resolution through the student conduct process or the employee disciplinary process. If the investigation uncovers violations of other polices, including the Student Code of Conduct, the findings will also be forwarded for resolution through the student conduct process or the employee disciplinary process. The standard of evidence used for each process will be based on the preponderance of the evidence.

Receipt of Complaint

When the Director of Title IX/ADA/504 Compliance becomes aware of a specific incident or course of conduct that may constitute a violation of [Policy 1065](#), through a direct complaint or otherwise, the Director will conduct an initial inquiry and determine if the University must initiate a full investigation generally within **seven (7) calendar days**. The Director will work with the appropriate departments including but not limited to the Department of Public Safety, Human Resource Services, Athletics, and departments within the Divisions of Student Affairs and Academic Affairs to implement interim measures as necessary.

When necessary, the Director, as a Campus Security Authority, will complete a crime reporting form to ensure relevant reports are included in this report.

Acknowledgement of Complaint and Assignment of Investigator

When the Director of Title IX/ADA/504 Compliance receives notice of a potential violation of Policy 1065, the following occur as part of the investigation process:

1. The Director will acknowledge receipt of the complaint and notify the person affected by the alleged misconduct (“Complainant”) in writing, which may be via official University email, when a formal investigation is warranted and assign an investigator, generally within **seven (7) calendar days**.
2. The investigator will gather additional information about the incident and determine the likelihood of the allegations.
3. If the assigned investigator has a conflict of interest with either of the parties or the subject matter of the case, the investigator may recuse himself or herself, or the party alleging a conflict of interest may request that a different investigator be assigned to the case.
4. Although rare, the Director has the authority to obtain an independent outside investigator if the situation presented or the parties involved would create an inherent conflict of interest (i.e. any University employee would be unable to impartially investigate the case).

Conflict of Interest or Allegation of Bias

A Reporter or Respondent may petition for an alternative investigator based on a conflict of interest by providing notice in writing to the Director of Title IX/ADA/504 Compliance as soon as practicable (preferably within three (3) calendar days of the requestor’s discovery of the potential conflict). The request should detail the nature of the conflict of interest and why the requesting party believes that the assigned investigator cannot conduct a fair and impartial investigation. The decision of whether or not to assign an alternative investigator rests solely with the Director. The Director will generally provide a written response to the request within **two (2) calendar days** of the Director’s receipt of the request.

Closing Cases

If the Director of Title IX/ADA/504 Compliance determines that no formal investigation is required, the Director will provide the reasons for this determination in writing. For example, in some cases there is not enough information available to make a baseline determination that Policy 1065 applies (i.e. it may be unclear that the alleged harassment was on the basis of sex, gender expression or identity, or sexual orientation). In other instances, the issue reported can be resolved informally or through other processes and will be referred to other campus departments without an

Boise State University

2016 Annual Security and Fire Safety Report

investigation. When applicable, the Director will provide a notification of referral to the Reporter and/or the person who must respond to the Reporter's allegations ("Respondent").

Investigations

The Director of Title IX/ADA/504 Compliance or investigator will, within **ten (10) calendar days** of notice of a complaint:

1. Provide Reporter with a list of rights that apply during the investigation process. A copy of this document is available from the Director.
2. Provide Respondent with written notice of the investigation, including any charges that apply (Policy 1065 violation, Student Code of Conduct violation, etc.).
 - a. The Dean of Students or a representative from that office will be consulted when determining appropriate charges under the Student Code of Conduct, if any.
 - b. In some cases, charges may be amended, dropped, or added during the investigation process. The Respondent and Reporter will simultaneously receive written notice of any change(s) in charge.
3. Provide Respondent with a list of rights that apply during the investigation process. A copy of this document is available from the Director.

At a minimum, investigations will include:

- Informational interviews with Reporter and Respondent (if known), to the extent they are willing to be interviewed. During these interviews, each party will have the opportunity to provide a statement regarding the incident, a list of witnesses, and any other relevant information.
 - The investigator assigned to the case will thoroughly document each informational interview; interviews may be audio recorded.
- Informational interviews with relevant witnesses, if any.
- Review of any physical documentation of the incident, including but not limited to, screenshots, audio and visual recordings, text message logs, emails, phone logs, social media postings, etc.
- Generally, information gathering should be completed within **thirty (30) calendar days** of notice of a complaint.

Once the information gathering is complete, the investigator will prepare an information summary, which generally includes findings of fact and an analysis under relevant University policies. Personally identifying information will be redacted from this information summary unless it is pertinent to the investigation. Both Reporter and Respondent will be given an opportunity to review the information summary with the investigator. At the time of review, the Reporter and Respondent may ask questions and provide feedback on the information summary. The Reporter and Respondent will have **two (2) calendar days** to prepare a written response to the investigation summary. It is within the discretion of the investigator and Director to determine if further

Boise State University

2016 Annual Security and Fire Safety Report

information gathering is warranted and/or if the information summary should be modified based on the feedback of the Reporter and Respondent.

Once the investigation is complete, the investigator will prepare a full investigation report (“report”). The report will include an overview of the complaint, a review of all relevant information gathered (including the information summary), the Respondent’s and Reporter’s written response(s) to the information summary (if any), and a finding regarding violation of any relevant University policies. If the finding indicates a violation of University policy, the investigator will also include recommended employment and/or disciplinary action(s).

Investigation Findings and Recommendations

The investigator will forward the report to the Director of Title IX/ADA/504 Compliance for review and approval. Once the report has been reviewed and approved by the Director, it will be forwarded to the Office of the Dean of Students, the employee’s direct supervisor, Human Resource Services, and/or the department chair, college dean, or department supervisors, as appropriate, for a review of the findings and any recommended employment or disciplinary action(s). Upon final approval of the report, a notice of findings will be sent simultaneously to both the Reporter and Respondent, along with information regarding the student disciplinary process or the employment action process outlined in the following paragraphs (if applicable).

If processed through the student conduct system:

If recommendations for disciplinary action(s) are processed by the Office of the Dean of Students, the Associate Dean of Students in charge of non-academic student conduct or their designee will meet with both the Reporter and Respondent separately to review the recommended disciplinary actions and provide information regarding the student conduct process. Each party may provide the Associate Dean of Students or their designee with a statement articulating information not in the report, they feel is relevant to the case, including whether they agree or disagree with the proposed disciplinary action(s).

The conduct body will review relevant documentation, including the report, and the Reporter’s and Respondent’s statements, if any. The conduct body may choose to implement the recommended disciplinary action(s) or impose modified or alternative disciplinary actions. If modified or alternative disciplinary actions are imposed, the conduct body shall thoroughly document the specific reasons for the adjustments and send a copy of the reasoning to the Director of Title IX/ADA/504 Compliance. A letter including final sanctions shall be delivered to the Respondent (and Reporter as appropriate pursuant to FERPA and/or other privacy and disclosure laws). This letter may be sent via email and will include information regarding the appeals process.

Boise State University

2016 Annual Security and Fire Safety Report

Both the Reporter and Respondent may appeal the sanctions imposed by the conduct body under the appeals policy (which includes the grounds and timelines for appeals) contained in the Student Code of Conduct.

If processed by Department/Human Resource Services:

Once the report is finalized, written notice, including information regarding recommended employment action, if any, shall be delivered to the Respondent (and Reporter as appropriate pursuant to relevant employment privacy laws). This letter may be sent via email and will include information on appeals, to the extent appeals are available.

In cases where employee disciplinary action is recommended, Human Resource Services will begin the due process procedure, pursuant to University policy and state law. Due process procedures and appeal processes may be found in the following policies:

- [Boise State Classified Policy # 7430](#) – Classified Employees Disciplinary Action
- [Boise State Professional Staff Policy #7310](#) – Professional Staff Employees – Grievances and Appeals
- State rule and statute (<http://adminrules.idaho.gov/rules/current/15/0401.pdf>) and (<http://www.legislature.idaho.gov/idstat/Title67/T67CH53SECT67-5316.htm>)

To the extent allowed by applicable employee privacy laws and University policies, the Reporter will be notified of any change in outcome resulting from the investigation and appeals process.

Although the University strives to complete all investigations, issue a report, and implement employee and/or student disciplinary actions within **sixty (60) calendar days** of receipt of notice, occasionally more time may be needed. If additional time is necessary, the Reporter and Respondent will be notified in writing.

Finality of Process

This process is the only process the University will use for investigation of complaints of sexual harassment, discrimination on the basis of sex, sexual misconduct, domestic and dating abuse and violence, and stalking pursuant to [Policy 1065](#). The findings and associated employment or student disciplinary actions based on this process, including all associated appeals and statutory rights outlined in University policies and procedures, are final and will not be further addressed through the student conduct process, departmental administration, or human resource processes. Information obtained in University proceedings may be shared with local law enforcement, external governing bodies (i.e. the US Department of Education Office of Civil Rights and/or the Idaho Human Rights Commission), and/or any judicial body with a properly issued subpoena.

Boise State University

2016 Annual Security and Fire Safety Report

Such proceedings shall provide a prompt, fair, and impartial process from the initial investigation to final result and will be conducted in a manner that is consistent with University policies, transparent to the Reporter and Respondent, and conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking as well as how to conduct an investigation that protects the safety of the victims and promotes accountability. The specific content of each year's annual training depends on the needs and skills of the officials. Conduct board training includes the dynamics of sexual and domestic violence, information on perpetration, and a review of applicable university policies and procedures using case studies. These officials will not have a conflict of interest or bias for or against the Reporter or Respondent. Proceedings will include timely notice of meetings at which the Reporter or Respondent, or both may be present, timely and equal access to the Reporter, the Respondent, and appropriate officials to any information that will be used during information and formal disciplinary meetings and hearings.

In any proceeding based on a complaint of sexual assault, stalking, dating violence, domestic violence, or other behavior covered in this section, the Reporter and the Respondent are entitled to the same opportunities to have others, such as a support person of their choice, present throughout the process, including the opportunity to be accompanied by such a support person of their choice to any meeting, conference, hearing, or other procedural action. Boise State will not limit the choice of advisor or presence for either the Reporter or Respondent in any meeting or institutional disciplinary proceeding; however, Boise State may establish restrictions regarding the extent to which the support person may participate in the proceedings, as long as the restrictions apply equally to both parties.

Once complete, both the Reporter and Respondent will be simultaneously notified, in writing, of the result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking; any change to the result; when such results become final; and be informed of the University's appeal process, if applicable, and their rights to exercise a request for appeal, in accordance with the federal Family Educational Rights and Privacy Act of 1974 (FERPA) statute and applicable state and federal employment laws (if any). Result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by Boise State. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C.1232g), commonly referred to as FERPA, the result must also include the rationale for the result and the sanctions

Proceedings will be completed within a reasonably prompt timeframe and will include a process that allows for the extension of timeframes for good cause. If this occurs, written notice will be provided to both the Reporter and Respondent, informing them of the delay and the reason for the delay.

Boise State University

2016 Annual Security and Fire Safety Report

Boise State will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in Section 16 of Title 18, United States Code) or a non-forcible sex offense, the report of the results of any disciplinary proceedings conducted by Boise State against a student who is accused of such a crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

All parties will be informed of the University's appeal processes, if applicable, and their rights to exercise a request for appeal. Should any change in outcome occur prior to finalization, all parties will be timely informed in writing, and will be notified when the results of the resolution process become final.

Disciplinary Actions and Possible Sanctions

For students, possible sanctions that the University may impose for actions that violate [University Policy # 1065](#) Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking include:

1. Warning: A written notice that the individual is violating or has violated University policy and that additional infractions of the Student Code of Conduct could result in further sanctions.
2. Educational Sanctions: The Conduct Body may apply educational sanctions including reflection papers, educational modules and/or projects designed to assist the student in reflecting on their decision-making. Some educational sanctions will incur a user fee that will be disclosed to the student at the time the sanction is assigned.
3. Conduct Probation: A written notice for violation of specific sections of the code. Probation is for a designated period of time. Violations while on probation may include the addition of more severe conduct sanctions.
4. Restitution: Monetary payment to reimburse for damage to or misappropriation of property, to replace damaged or misappropriated property, and/or to reimburse for medical expenses incurred by a third party as a direct result of misconduct.
5. University Service: Work assignments, service to the University, or other related discretionary assignments.
6. Fines: Monetary penalty imposed for a violation of the Student Code of Conduct.
7. Loss of Privileges: Action prohibiting a student from participating in certain activities or enjoying certain privileges for a prescribed period of time. Loss of privileges may

Boise State University

2016 Annual Security and Fire Safety Report

include, but is not limited to: a. Removal from University-owned housing; b. Revocation of student identification card; c. Removal from a student leadership positions (elected or appointed); d. Removal from an athletic team or club sport; e. Loss of employment on campus; f. Exclusion from specific University premises.

8. Student Housing Suspension: Removal of the student from Student Housing for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

9. Student Housing Expulsion: Permanent removal from the Student Housing system.

10. Hold on Academic Records: Action restricting admission, registration, and/or release of transcripts until a conduct sanction is met. A hold may restrict the University from releasing official academic transcripts and awarding a diploma until the obligation is met.

11. University Suspension: Action terminating registration in some or all classes for a prescribed period of time. The Conduct Body may specify conditions for future enrollment. A formerly suspended student will remain on probation for the duration of her/his University career. Boise State University Student Code of Conduct 22

12. University Expulsion: Action terminating a student's registration and relationship with the University. This action separates a student from the University permanently for all future terms.

13. Group and/or Organization Sanctions: Sanctions for groups may result in permanent or temporary suspension, loss of recognition or charter, social probation, or other actions deemed appropriate by the University. An individual involved in a group offense and/or sanction can also be subject to additional individual charges and sanctions. Any student group and/or organization may be subject to the following sanctions: a. Those sanctions listed above; b. Loss of selected rights and privileges for a specified period of time; c. Deactivation and/or loss of privileges, including loss of University recognition, for a specified period of time.

14. Revocation of Admission and/or Degree: Admission to or a degree awarded by Boise State University may be revoked for fraud, misrepresentation, or other violations of Boise State University standards in obtaining the admission or degree, or for other serious violations committed by a student prior to graduation.

15. Withholding Degree: Boise State University may withhold awarding a degree otherwise earned until the completion of the Student Conduct process as set forth in the Student Code of Conduct, including the completion of all sanctions imposed, if any.

Boise State University

2016 Annual Security and Fire Safety Report

For employees, possible sanctions that the University may impose for actions that violate [University Policy # 1065](#) Sexual Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, and Stalking include:

1. Written warnings
2. Educational module, including individual or group-based employee training
3. Adjustments to work locations or hours
4. Restrictions on access to information or locations
5. Performance improvement plans
6. Suspension
7. Probation
8. No contact orders
9. Exclusion from campus
10. Termination

Sex Offender Registry

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement to the campus community about where to find information on registered sex offenders in the state. It also requires sex offenders who are already required to register with the state to notify that state if they are enrolled, carry on a vocation or are employed in a post-secondary institution. In Idaho, convicted sex offenders must register with a central registry maintained by the Idaho State Police. The Idaho State Police then sends the Department of Public Safety notifications of sex offenders attending and/or employed by Boise State University. If you would like a copy of this list, please contact the Department of Public Safety at publicsafety@boisestate.edu. Information regarding registered sex offenders in the State of Idaho under section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921) can be obtained by clicking on the link below to access the Idaho State Police Sex Offender Registry website for the official records of sex offenders in the state of Idaho: http://www.isp.idaho.gov/sor_id/

Crime Prevention and Security Awareness Programs

Boise State would much rather prevent crimes from occurring than react to them after the fact. As such, Boise State offers or facilitates a number of crime prevention and security awareness programs to the campus community. Information shared relates to eliminating or minimizing criminal opportunities whenever possible, and a common theme of all awareness and crime prevention programming is to encourage students and employees to be aware of their responsibility for their own security and the security of others. The descriptions for the various programs offered are detailed below.

Boise State University

2016 Annual Security and Fire Safety Report

Students:

Orientation Programming: Every year during new student orientation, the Boise State Department of Public Safety, the Boise Police Department, the Office of the Dean of Students and other campus departments provide information to new students and their parents regarding personal safety, crime prevention, crime notifications, bystander intervention, and campus safety resources and reporting options. The Department of Public Safety and the Boise Police Department host tabling events during new student orientation, new student move-in day and at other times where students learn about crime prevention, personal safety, crime alert and reporting options, as well as other security awareness programs. Upon request, the Department of Public Safety has also offered campus safety awareness programming to incoming students. To request a training, contact the Department of Public Safety at (208) 426-6911.

Staff:

Clery Act and Crime Reporting Training: Beginning in the Spring of 2015, Boise State has required all new employees and Campus Security Authorities to complete a training titled *Clery Act and Crime Reporting Training*. This training covers the University's obligations under the Clery Act, University security procedures and practices, and also provides information about how and to whom crimes should be reported. Campus Security Authorities will be required to complete this training, or the abridged version covering the same content titled *Campus Security Authority Re-Certification Course*, annually, while all other Boise State employees will be required to re-take the training again at periodic intervals.

Gender and Sex-Based Misconduct Training: Beginning in the Fall of 2015, all new Boise State employees will also be required to complete a training titled *Gender and Sex-Based Misconduct Prevention & Response*, which covers the University's obligation under Title IX, University and local resources related to gender-based violence, as well as information about how and to whom gender and sex-based misconduct should be reported. All Boise State employees will be required to complete this course annually.

Idaho Threat Assessment Conference: Over the past two years, the Department of Public Safety has hosted the Idaho Threat Assessment Conference on campus. These conferences focus on the prevention of incidents of targeted violence by bringing in experts and practitioners in the field of threat assessment. The 2017 Idaho Threat Assessment Conference will be held on campus June 6-8, 2017. For more information, please contact Elliot Cox by phone at (208) 426-3225 or email at elliottcox@boisestate.edu.

Students and Staff:

Crime Prevention and Awareness Training: Periodically throughout the year, the Boise State Gender Equity Center, Office of Institutional Compliance and Ethics, the Department of Public

Boise State University

2016 Annual Security and Fire Safety Report

Safety, the Boise Police Department, and other campus departments present crime prevention and awareness sessions to both students and staff on sexual assault, bystander intervention, personal safety, campus and local resources, and security procedures and reporting options. Some of these sessions are available to any student group or campus department upon request, while others take place at regularly scheduled intervals for certain groups. For example, the Boise Police Crime Prevention Unit offers a training titled *The Power of Prevention, Personal Safety and Self-Defense for Women* that takes place three times a semester at the Campus Recreation Center.

CARE: The Boise State CARE team is responsible for responding to reports of concern received from the campus community and offers regular training to the campus community. All students, faculty and staff are encouraged to use the online reporting system to make the CARE team aware of behavior that may pose a threat to self or others. CARE reports can be filed online at care.boisestate.edu. The CARE team develops and implements education and outreach for the campus community including, but not limited to, training for Resident Assistants, Resident Directors, incoming faculty, staff and students, academic colleges and department chairs to ensure that CARE processes and contacts are well known by the campus community. Training and outreach typically covers reporting procedures and warning signs of distressing, disturbing or dangerous behaviors. Training is by request only. To learn more about CARE or to request training, please contact Lauren Oe at (208) 426-1527 or by email at laurenoe@boisestate.edu.

Rave Guardian: The Boise State Department of Public Safety offers information and training sessions, upon request, about Rave Guardian, Boise State's mobile safety application. Training has typically been given a few times per semester. Information and training sessions cover the functionality of the application, including use of the panic buttons, texting features and setting up a virtual guardian through the application's Guardian Safety Timer session. The sessions cover bystander intervention while using the application, as well as practical uses as they relate safety and security awareness. To request a training, contact Elliot Cox at (208) 426-3225 or by emailing elliotcox@boisestate.edu, or Rob Littrell at (208) 426-3638 or by emailing roblittrell@boisestate.edu.

Active Shooter Training: Members of the Department of Public Safety have offered more than 40 active shooter trainings in the last year, and are given upon request. To request a training, call the Department of Public Safety at (208) 426-6911.

In addition to the programs described above, Boise State also employs the following crime prevention and risk reduction tools:

1. **Blue Light Emergency Telephones:** There are 77 well-marked emergency telephones strategically located throughout the campus, which have emergency and police communication capability. A map of the Blue Light Emergency Phones is available at: <https://security.boisestate.edu/emergency-phone-map/index.html>.

Boise State University

2016 Annual Security and Fire Safety Report

2. **Alarm Systems:** A computer-based monitoring system that monitors a network of fire alarm systems. Intrusion detection alarms and a variety of other types of alarms are also utilized in various areas on campus.
3. **Security Surveys:** Community Service Officers conduct surveys of exterior doors, exterior lighting, campus facilities, and campus grounds on a regular basis.
4. **Crime Prevention Presentations:** The Department of Public Safety and the Boise Police Department Campus Patrol Unit and Crime Prevention Unit provide crime prevention presentations upon request to any campus department or student group. To request a presentation, call (208) 426-6911.
5. **Printed Crime Prevention Materials:** Crime prevention brochures and other printed material related to motor vehicle safety, residence hall security, personal safety, life safety, etc., are available at the Department of Public Safety substation and handed out at tabling events throughout the year.
6. **Residence Hall Security:** Crime prevention presentations, along with brochures and other printed materials, are available to residence hall students upon request.
7. **Building Coordinator Program:** A Building Coordinator(s) is assigned to each building. These Building Coordinators participate in security surveys, receive unsecured condition notifications, and are trained in emergency response and building evacuation procedures.
8. **Bike Registration Program:** Bike registration is available 24 hours a day at the Department of Public Safety substation, located at 2245 University Drive. There is no fee to register a bike, and the service is available to everyone who works, lives, or studies on campus.
9. **Volunteer Campus Corp:** The Volunteer Campus Corp is staffed by individuals who share the goal of keeping the Boise State campus a safe and pleasant place to live, study, work, and visit. The Mission of the Volunteer Campus Corp is to provide a positive visible presence, to distribute crime prevention and safety information, and to provide assistance to security officers and police officers, students, staff, faculty, and campus guests. For more information about any of the crime prevention programs listed, please contact the Department of Public Safety at (208) 426- 6911 or via email at publicsafety@boisestate.edu. Volunteers have all passed Boise Police background checks and have received training and orientation on campus security protocols.
10. **Security Escort Services:** Security escort service is available and will be provided upon request by calling the Department of Public Safety at (208) 426-6911. This service is free and available 24 hours a day.

Boise State University

2016 Annual Security and Fire Safety Report

11. **Crime Stoppers:** The campus Crime Stoppers Program provides you the opportunity to call (208) 342-2677 or (208) 343-COPS to provide information you have about a crime that has occurred on campus. You can remain anonymous and may be eligible for a reward up to \$1,000.00 if your information leads to an arrest and filing of charges.
12. **Emergency Cell Phone Program:** The Department of Public Safety may distribute free cell phones for use by those individuals who do not have access to a cell phone. These cell phones only have access to 9-1-1 emergency services. For more information, contact the Department of Public Safety at (208) 426-6911.
13. **Ask-A-Cop Program:** Access to Boise State law enforcement officials is available by email. Submit law enforcement related questions to publicsafety@boisestate.edu. Police officers will respond to all appropriate questions.
14. **Online Crime Reporting:** Boise State students and employees have access to the Boise Police Department online crime reporting system. Criteria for submissions require that the crime is not an emergency, the incident occurred on the Boise State campus or within Boise City limits, and the suspect is unknown. Anyone wishing to report these crimes online should visit <http://www.boisepolice.org> (utilize the online service link).
15. **Surveillance Cameras:** A network of cameras is utilized on campus in select areas to augment the Boise State personal safety and assets protection program.
16. **Anonymous Crime Reporting:** Boise State students and employees can report non-emergency crimes, threats or other concerns anonymously online using the Silent Witness program. To access the Anonymous Reporting Form, visit <https://secureforms.boisestate.edu/security/>.
17. **Event Security:** The Department of Public Safety can provide or arrange for highly skilled professional security, law enforcement and emergency medical personnel to support events on campus. For questions about Boise State events or booking event security at Boise State, fill out the Event Security Contact form at <https://secureforms.boisestate.edu/security/event-security-contact-form/>.
18. **Building Safety and Security Assessment:** You can request an assessment of your office's current security posture and to identify vulnerabilities by requesting a Building Safety and Security Assessment conducted by a multidisciplinary team of Boise State safety and security professionals. The assessment is free and can be request by filling out an Assessment Request Form found at <https://secureforms.boisestate.edu/security/building-safety-security-assessment-request-form/>

Boise State University

2016 Annual Security and Fire Safety Report

19. **Emergency Management Website**: The Emergency Management website has an Active Shooter/Workplace Violence Resources page that instructs students and employees on how to prevent, prepare for, and respond to Active Shooter/Workplace incidents on campus. This site has videos and online training available for anyone interested in preparing for this type of incident. Additionally, the Emergency Management website has an Immediate Actions for Emergencies on Campus checklist that gives instructions for emergencies occurring on campus, including how to report and respond. The website is at: <http://emergencymanagement.boisestate.edu>.

Personal Safety and Crime Prevention Tips

The term “campus crime” tends to bring to mind a few obvious crimes, such as bicycle thefts or textbook thefts. Certainly, these thefts can and do prove very costly to victims. But a realization that any crime that occurs in society can and does occur on a campus puts you one step closer to avoid being a victim. Most crimes can be deterred, if not entirely prevented, by developing simple tasks and habits. While following the tips below cannot guarantee that you will not be a victim of a crime, your chances of being victimized can be reduced.

1. **Report all suspicious activity to the Department of Public Safety.** We encourage students and employees to program the Department of Public Safety phone number (208) 426-6911 into their mobile devices and report suspicious activity when observed.
2. **Lock your car doors anytime you leave the car.** It takes only seconds to lock and unlock your car doors, and these seconds can save you from being victimized.
3. **Don't leave obvious valuables in plain view in your car.** Sometimes, temptation and availability is all that is needed to cause a would-be thief to attempt and complete a theft.
4. **Check the back seat of your car before you get in.** You may have an uninvited passenger.
5. **Lock your residence hall room, apartment, or house door.** This is probably the best simple deterrent available to protect your property and you. A criminal will often take the path of least resistance.
6. **Don't display large sums of cash or expensive jewelry.** Again, these actions may provide temptation to a thief. Cash and jewelry are often impossible to trace and easy for a thief to dispose of quickly.
7. **Know who is at the door before you open it.** Know who is at the door and what they want. If it doesn't seem right, keep the door shut and communicate through the door.
8. **Walk with a friend when out late at night, and walk on designated pathways and well-lit areas.** There is truly safety in numbers. Try to avoid walking alone at night. Use the Department of Public Safety security escort service instead of walking alone. This service is free and available 24 hours a day, 7 days a week. To request an escort, call the Department of Public Safety at (208) 426-6911.
9. **Secure bicycles through the wheel and frame with a U-lock.** The Department of Public Safety recommends using a U-Lock when securing your bike. Most of the stolen bicycles

Boise State University

2016 Annual Security and Fire Safety Report

reported stolen within the last year either had their cable lock cut or were not locked at all at the time of the theft.

10. **Register bicycles with the Department of Public Safety.**
11. **Always pick a designated driver prior to attending festivities.**
12. **Don't impair your judgment with alcohol or illegal drugs.** Avoid accepting a ride from someone whose judgment is impaired by alcohol or drugs. Avoid taking a private walk with someone whose judgment is impaired by alcohol or drugs.
13. **Work with another student when working late at night in campus buildings.**
14. **Do not leave doors propped open.**
15. **Engrave valuable possessions with serial numbers or owner-recognized numbers.** This can be done through the Department of Public Safety.
16. **Always know the location of the nearest telephone and how to report emergencies.**
17. **Keep emergency numbers near your phone.**
18. **Never leave valuables, including wallets, purses, books, computers, phones, etc., unattended.**
19. **Limit your use of alcohol and be wary of accepting drinks from others, even people you know.** Leave social functions that get too loud, too crowded, or that have too many people drinking excessively.
20. **Make sure that you have verbal and sober consent from anyone before engaging in sexual activity.**
21. **Remain vigilant and never take personal safety for granted.**

Campus and Workplace Violence

[Threat Assessment \(Boise State Policy #12030\)](#)

Everyone is responsible for reporting threats they have witnessed, received, or have been told that another person has witnessed or received. Minus an actual threat, any witnessed-behavior regarded as threatening or violent, when that behavior is school-related or might be carried out on a University-controlled site, or is connected to University employment, should be reported.

Those who believe an immediate danger exists to the health and safety of a member of the University community should immediately call 9-1-1. If a member of the campus community is concerned about a threat of violence, they should document the reason for their concern and discuss it with their supervisor, administrator, department chairperson, Department of Public Safety, the Office of the Dean of Students, or Human Resource Services as appropriate.

Occasionally, an individual's behavior or demeanor may cause fear or concern. In such cases of apprehension, it is important to tell someone in authority so it can be documented, evaluated, and handled appropriately.

Boise State University

2016 Annual Security and Fire Safety Report

Unless a privileged relationship exists, this report should be made regardless of the relationship between the individual who demonstrated threatening behavior and the person(s) who were threatened or focus of the threatening behavior.

Actual Threats

- Report immediate dangers to health and safety to 9-1-1.
- Report threats to the Department of Public Safety (426-6911), who will conduct an investigation.
- Notify supervisor, administrator, or department chairperson.
- Notify the [C.A.R.E. Team via their website](#) by submitting a C.A.R.E. report.

While the Department of Public Safety is the lead unit in conducting investigations and evaluating threats, in some instances, they may promptly refer the matter to another unit as appropriate.

Off-Campus Incidents

The University should be made aware of threats made off-campus toward a member of the campus community even if by persons not affiliated with the University. So appropriate measures can be taken, employees must report threats or court-ordered action that may affect the safety of the University community to their supervisor and the Department of Public Safety.

Orders of Protection

Those who have applied for or obtained a protection order that lists University locations as being protected areas must provide to the Department of Public Safety a copy of the petition and declarations used to seek the order, a copy of any protection order which is granted, and a copy of any protection order which is made permanent.

Confidentiality

Boise State University understands the sensitivity of requested information and shall make efforts to respect the privacy of the reporting party as much as possible. Retaliation for good faith reporting is prohibited.

Threat Assessments

Threat assessments are conducted by the University C.A.R.E. Team (established under University Policy #12080) and chaired by the Executive Director of the Department of Public Safety, or his/her designee.

Boise State University

2016 Annual Security and Fire Safety Report

Threat assessments shall assess an individual's behavior if it has been reported as a potential threat to campus community safety.

The C.A.R.E. Team shall work with appropriate campus departments, law enforcement, and mental health agencies to expedite assessment and intervention. The team will also develop comprehensive fact-based assessment of students, employees, or other individuals who may present a threat to the University.

The Executive Director of the Department of Public Safety may enlist (1) the expertise and assistance of resources outside the University as needed and (2) anyone with knowledge of the reported situation.

Violations of this policy may lead to actions (as appropriate) which may include mediation, counseling, exclusion from campus, suspension, expulsion, dismissal, and administrative sanctions. Those determined to have violated this policy may be excluded from campus as quickly as safety permits.

C.A.R.E. Team (Boise State Policy #12050)

Boise State University is committed to promoting and maintaining an environment where students, faculty, and staff participate in the educational process without compromising the health, safety, or welfare of themselves or others. The following guidelines create a campus based multi-disciplinary intervention and response team to engage students, faculty, and staff who may pose a threat to themselves or the community.

This policy is not a substitute for appropriate police or emergency involvement. Individuals are asked to call 9-1-1 if there is a threat of imminent physical harm.

The C.A.R.E. Team is a behavioral intervention team that designs reporting, screening, and assessment processes for disturbed, disturbing, or disruptive student and employee behavior, including the establishment of the website for reporting purposes. The C.A.R.E. Team also designs proceedings for mandating psychological assessments.

The C.A.R.E. Team:

- Responds to reports regarding students, faculty, staff, and third parties who exhibit disturbing or disruptive behavior that may pose a threat to themselves or the University community.
- Reviews reports of concern submitted to <http://care.boisestate.edu> about members of the Boise State University students, faculty, staff, and visitors.
- Balances the individual needs of the student, faculty, staff, or visitor with those of the greater campus community.

Boise State University

2016 Annual Security and Fire Safety Report

- Reviews reports of concern and conducts proactive intervention and assessment to prevent acts of violence or self-harm.
- Refers reports or incidents that do not require C.A.R.E. intervention to appropriate University authority, such as the Provost's office, academic advisors, Office of the Dean of Students, or Health Services.
- Develops and monitors case management plans and appropriate documentation.
- In partnership with other University offices, the C.A.R.E. Team will:
 - Educate the campus community on active by-stander intervention, bias incidents, crisis management, monitoring behavior, and threat assessment.
 - Serve as consultants to members of the Boise State community to support in monitoring and assessing behavior and developing a plan of action to manage the behavior.
 - Assess available institutional and community resources and follow up on interventions, referrals, and reports.
 - Develops needed policies, protocols, and procedures to support C.A.R.E. functions around reports of concern.
 - Developing and implementing education and outreach plans to ensure that the campus community is aware of processes and contacts.

Retaliation, whether actual or threatened, destroys a sense of community and trust that is central to a quality environment. Therefore, retaliation against those who submit C.A.R.E. reports is not tolerated.

Annual Fire Safety Report on Student Housing

The Annual Fire Safety Report is made available as part of the University's commitment to safety and security on campus and in compliance with the Higher Education Opportunity Act of 2008. This report contains information about University fire safety practices and is prepared in cooperation with Housing and Residence Life, the Department of Public Safety, Environmental Health, Safety and Sustainability, and other University departments. Note that for the 2016-2017 academic year, Boise State will begin leasing individual floors for student housing at two additional complexes: RiverEdge Apartments and Vista West Apartments. Because Boise State did not lease space in these complexes during the 2013-2015 calendar years, fire statistics for these complexes are not included in the charts below. Additionally, these new properties are considered "non-campus" locations for Clery Act purposes, but a description of their fire safety systems is detailed below. Fire statistics will be collected and published for these complexes in the 2017 Annual Security and Fire Safety Report.

ANNUAL FIRE SUMMARY FOR 2013-2015 CALENDAR YEARS

One fire incident in calendar year 2013

Boise State University

2016 Annual Security and Fire Safety Report

No fire incidents in calendar year 2014
No fire incidents in calendar year 2015

Boise State University

2016 Annual Security and Fire Safety Report

Barnes Towers have 2-hour firewalls and 1-hour fire doors. The fire alarm system has smoke and heat detectors, manual pull stations, and audible and visible alarm notification devices. Stairwells are protected with fire doors.

Chaffee Hall is of concrete masonry construction; “D” wing is sprinkled and “D” wing resident rooms have smoke control doors. The fire alarm system has smoke and heat detectors, manual pull stations, and audible and visible alarm notification devices. Stairwells are protected with fire doors.

Driscoll Hall is 100% sprinkled with 2-hour firewalls and smoke control doors between the suites. The fire alarm system has smoke and heat detectors, manual pull stations, and audible and visible alarm notification devices. Stairwells are protected with fire doors.

Keiser Hall is 100% sprinkled with 2-hour firewalls and fire dampers in the HVAC system. Stairwells are protected with 1-hour fire doors. The fire alarm system has smoke and heat detectors, manual pull stations, and audible and visible alarm notification devices. Stairwells are protected with fire doors.

Aspen, Cedar, Hawthorne, Juniper, Spruce, and Tamarack Houses (that make up the Lincoln Townhomes) are 100% sprinkled and each apartment has smoke detectors connected to the fire alarm system. There are also audible and visible warning devices in the stairwells.

Morrison Hall is 100% sprinkled with 2-hour firewalls and smoke control doors between the suites. The fire alarm system has smoke and heat detectors, manual pull stations, and audible and visible alarm notification devices. Stairwells are protected with fire doors.

Taylor Hall is 100% sprinkled with 2-hour firewalls and fire dampers in the HVAC system. Stairwells are protected with 1-hour fire doors. The fire alarm system has smoke and heat detectors, manual pull stations, and audible and visible alarm notification devices. Stairwells are protected with fire doors.

University Heights Apartments are of brick construction. Each apartment has standalone smoke detectors, exterior manual pull stations and exterior audible and visible alarm notification devices.

University Manor Apartments are of brick construction. Each apartment has standalone smoke detectors, exterior manual pull stations and exterior audible and visible alarm notification devices.

University Park Apartments are of concrete, masonry construction. Each apartment has standalone smoke detectors, exterior manual pull stations and exterior audible and visible alarm notification devices.

Boise State University

2016 Annual Security and Fire Safety Report

Clearwater, Payette, and Selway Suites (formerly University Square A, B, and C) and University Square D, E, F, and G are 100% sprinkled. The fire alarm system has smoke detectors, heat detectors, manual pull stations, and audible and visible alarm notification devices. Each apartment has standalone smoke detectors. Stairwells are protected with fire doors.

University Village Apartments have standalone smoke detectors, exterior manual pull stations and exterior audible and visible alarm notification devices. It also has two-hour firewalls.

1816/1818 and 1827/1829 Yale Court consists of two free-standing, two story apartment buildings where each floor has four double-occupancy rooms. The fire alarm system has smoke detectors, heat detectors, and fire extinguishers in each unit.

RiverEdge Apartments (Boise State Housing is the 2nd floor only) are 100% sprinkled and each apartment has smoke detectors and fire alarm pull stations. Multiple fire extinguishers are in the hallways and evacuation route posters are posted near the elevators.

Vista West Apartments (Boise State Housing is the 3rd floor only) are 100% sprinkled and each apartment has smoke detectors and fire alarm pull stations. Multiple fire extinguishers are in the hallways and evacuation route posters are posted near the elevators. Strobe lights are also activated in cases of emergency or fire. Additionally, Vista West utilizes intercoms in each room to alert residents of a fire or other emergency situation.

1156/1158 Euclid Annex is a one-story duplex of conventional wood frame construction. Each unit has stand alone smoke detectors and fire extinguishers. This building is used only for emergency housing and on rare occasion.

1162/1164 Euclid Annex is a one-story duplex of conventional wood frame construction. Each unit has stand alone smoke detectors and fire extinguishers. This building is used only for emergency housing and on rare occasion.

Portable Electronic Appliances

The electrical system in the residence halls is not designed to carry heavy loads of electrical equipment. Students are required to be responsible in their use of appliances/electronics which includes proper and judicious use of multi-outlet strips and surge protectors. Extension cords are not permitted. All electrical equipment must be UL listed. See the Housing and Residence Life policy for a complete list of items: <https://housing.boisestate.edu/moving/whattobring/>.

2016 Annual Security and Fire Safety Report

Acceptable Appliances	Prohibited Appliances and Items
<ul style="list-style-type: none">• Appliances with closed coil elements (coffee pots, hot pots, and hot air poppers)• Computers• Fans• Hair dryers• Irons for clothing (with self-shut-off preferred)• Lamps (excluding halogen lights)• Mini refrigerators (no larger than 4.2 cubic ft)• Microwaves (up to 700-800 watts)• Stereos and other audio equipment• TVs and other visual equipment	<ul style="list-style-type: none">• Appliances with exposed heating elements (toasters, toaster ovens, broilers, hot plates, etc.)• Appliances that are damaged (frayed cords, bent plugs, broken safety handles/legs, etc.)• Electric skillets• Fog machines• Halogen lamps/lights• Incense• Liquid fuel• Space heaters

Residents living in the University Suites (Clearwater, Payette and Selway), University Square (D, E, F, and G), Yale Court and Lincoln Townhomes (Aspen, Cedar, Hawthorne, Juniper, Tamarack and Spruce) may bring toasters, toaster ovens, and electric skillets because they have a full kitchen at their disposal.

Smoking

Smoking is prohibited on all Boise State University property including Housing and Residence Life facilities. This policy can be found at: <http://policy.boisestate.edu/facilities-planning-campus-safety/policy-title-smoke-free-campus/>.

Open Flames, Fireworks, Explosives, and Flammable Materials

Any item with an open flame or that burns (candles, incense, sterno stoves, alcohol burners, etc.) is prohibited. Fireworks of any type are prohibited and may not be kept anywhere in a residential facility. Explosives of any kind, or equipment or materials intended to be used in making explosives, are not allowed. Hazardous chemicals or flammable liquids are also prohibited, including propane tanks or gas cylinders for grills and camping equipment.

Emergency Evacuation (Including Fire Evacuation) Procedures for on-campus housing and the general campus

In event of fire or other emergency, call 9-1-1.

Boise State University

2016 Annual Security and Fire Safety Report

Procedures for on-campus housing:

When an emergency evacuation is ordered or when audio or visual alarms are activated, all residents are required to evacuate the premises immediately and proceed to a designated Safe Assembly Location or where directed by emergency personnel or housing staff. Housing and Residence Life staff will assist in the basic evacuation of the facility and will help to coordinate re-entry into the building. Residents who fail to evacuate a building or take an excessive length of time to exit the building are subject to University disciplinary action. For more information, see Boise State policy #9220.

Procedures for the general campus:

When an emergency evacuation is ordered or when audio or visual alarms are activated, all individuals are required to evacuate the facility immediately and proceed to a designated Safe Assembly Location or where directed by emergency personnel or University first responders. More information may be found in [Boise State policy #9220](#).

Fire Safety Education and Training

Students living in Housing and Residence Life review fire safety policies during community meetings with their Resident Assistant at the beginning of each semester. In addition, residents are emailed prior to their arrival on campus with the expectation they review all Housing and Residence Life policies. Residents also receive a monthly newsletter that provides updates and reminders on policies and procedures.

University management and faculty at all levels ensure that employees and students are aware of [Boise State Policy 220, Emergency Action and Building Evacuation Procedures](#). General fire safety and evacuation is also addressed in supplemental training such as Building Coordinator and Laboratory Safety training.

Reports that a fire occurred in a Housing and Residence Life facility must be made for inclusion in the Annual Fire Safety Report. Listed below are non-emergency numbers to call to report fires in Housing and Residence Life facilities that have already been extinguished.

Housing and Residence Life Office (208) 447-1001
Environmental Health and Safety (208) 863-8024

Plans for Future Improvements in Fire Safety

Boise State University continually evaluates the fire safety in Housing and Residence Life. Fire alarm panels in Morrison Hall, Driscoll Hall, and John B. Barnes Towers are scheduled for replacement over the next 5 years. The fire panels in Chaffee and University Village Apartments were replaced this past year.

The Fire Alarm monitoring system at the Capital Village Substation has been identified for replacement later this year with an enhanced system that will take both cellular and IP-based signals, which will provide redundancy and backup if one system goes down. Additionally, the new receiver has a requirement to take better-defined signal characteristics, which will allow the dispatcher to have more information in the case of an alarm originating from one of our campus buildings.

Appendix A

Clery Crime Definitions

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggressive bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.

Burglary: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes, this definition includes: unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Dating Violence (As Defined by VAWA): Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of:

- The length of the relationship;
- The type of relationship; and
- The frequency of interaction between the persons involved in the relationship.

For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic Violence (As Defined by VAWA): A felony or misdemeanor crime of violence committed by:

- A current or former spouse or intimate partner of the victim;
- A person with whom the victim shares a child in common;
- A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
- A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies (under the Violence Against Women Act); or

Boise State University

2016 Annual Security and Fire Safety Report

- Any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Drug Law Violations: The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Larceny-Theft: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Liquor law Violations: Violations of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

Manslaughter by Negligence: The killing of another person through gross negligence.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. (This includes all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned-including joy riding.)

Murder and Non-Negligent Manslaughter: The willful (non-negligent) killing of one human being by another. NOTE: Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force, violence, and/or by putting the victim in fear.

Sexual Assault (As Defined by VAWA): An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Boise State University

2016 Annual Security and Fire Safety Report

- **Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. NOTE: This definition encompasses acts of sodomy and sexual assault with an object.
- **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instance where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
- **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Stalking (As defined by VAWA): Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.

For the purposes of this definition:

- A. Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens or communicates to or about, a person, or interferes with a person's property.
- B. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- C. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Vandalism/Destruction/Damage of Property: To willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Weapons Law Violations: The violations of laws or ordinances prohibiting the the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms,

Boise State University

2016 Annual Security and Fire Safety Report

cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature.

Geography definitions from the Clery Act

On-Campus: (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution's educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1), that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or retail vendor).

Non-Campus Building or Property: (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus.

Idaho Law and University Policy

We discuss Idaho law regarding domestic violence, dating violence, sexual assault, stalking, and consent in reference to sexual activity. Those terms are not all defined under Idaho law, but to the extent they are, we discuss those statutes (provided below). We also discuss the University's definitions of these terms and the extent to which they may differ from the definitions provided under Idaho law. We inform all students and employees that although they may be criminally liable for any action they take that violates Idaho law, the University will hold them to the more restrictive standards embedded in University policy and these standards shall be enforced through the employee disciplinary and student conduct processes.

A. Domestic Violence and Dating Violence

Idaho State Law

Idaho Code § 18-918 - Domestic Violence:

(1) For the purpose of this section:

Boise State University 2016 Annual Security and Fire Safety Report

(a) “Household member” means a person who is a spouse, former spouse, or a person who has a child in common regardless of whether they have been married or a person with whom a person is cohabiting, whether or not they have married or have held themselves out to be husband or wife.

(b) “Traumatic injury” means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by physical force.

(2) (a) Any household member who in committing a battery, as defined in section 18-903, Idaho Code, inflicts a traumatic injury upon any other household member is guilty of a felony....

(3) (a) A household member who commits an assault, as defined in section 18-901, Idaho Code, against another household member which does not result in traumatic injury is guilty of a misdemeanor domestic assault.

(b) A household member who commits a battery, as defined in section 18-903, Idaho Code, against another household member which does not result in traumatic injury is guilty of a misdemeanor domestic battery....

Idaho Code § 39-6303 – (Domestic/Dating Violence):

Definitions (1) “Domestic violence” means the physical injury, sexual abuse or forced imprisonment or threat thereof of a family or household member, or of a minor child by a person with whom the minor child has had or is having a dating relationship, or of an adult by a person with whom the adult has had or is having a dating relationship.

(2) “Dating relationship,” for the purposes of this chapter, is defined as a social relationship of a romantic nature. Factors that the court may consider in making this determination include:

- (a) The nature of the relationship;
- (b) The length of time the relationship has existed;
- (c) The frequency of interaction between the parties; and
- (d) The time since termination of the relationship, if applicable.

....

University Policy

Domestic/Dating Abuse and Violence: Harassment on the basis of sex or gender that is intended to harm, threaten, intimidate, or control another person in a relationship of a romantic or intimate nature, regardless of whether that relationship is ongoing or has concluded or the number of interactions between the individuals involved. This often takes the form of abuse, whether physical, sexual, verbal, emotional, or technological. To be a violation of this policy, the behavior must create a hostile environment.

B. Sexual Assault

Neither the Idaho Code nor Boise State Policy use the term “sexual assault,” however the following offenses could be reasonably categorized as such:

Idaho State Law

Idaho Code § 18-6101 - Rape Defined:

Rape is defined as the penetration, however slight, of the oral, anal or vaginal opening with the perpetrator’s penis accomplished with a female under any one

(1) of the following circumstances:

(1) Where the female is under the age of sixteen (16) years and the perpetrator is eighteen (18) years of age or older.

(2) Where the female is sixteen (16) or seventeen (17) years of age and the perpetrator is three (3) years or more older than the female.

(3) Where she is incapable, through any unsoundness of mind, due to any cause including, but not limited to, mental illness, mental disability or developmental disability, whether temporary or permanent, of giving legal consent.

(4) Where she resists but her resistance is overcome by force or violence.

(5) Where she is prevented from resistance by the infliction, attempted infliction, or threatened infliction of bodily harm, accompanied by apparent power of execution; or is unable to resist due to any intoxicating, narcotic, or anesthetic substance.

(6) Where she is at the time unconscious of the nature of the act. As used in this section, “unconscious of the nature of the act” means incapable of resisting because the victim meets one (1) of the following conditions:

(a) Was unconscious or asleep;

(b) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(7) Where she submits under the belief that the person committing the act is her husband, and the belief is induced by artifice, pretense or concealment practiced by the accused, with intent to induce such belief.

(8) Where she submits under the belief that the person committing the act is someone other than the accused, and the belief is induced by artifice, pretense or concealment practiced by the accused, with the intent to induce such belief.

(9) Where she submits under the belief, instilled by the actor, that if she does not submit, the actor will cause physical harm to some person in the future; or cause damage to property; or engage in other conduct constituting a crime; or accuse any person of a crime or cause criminal charges to be instituted against her; or expose a secret or publicize an asserted fact, whether true or false, tending to subject any person to hatred, contempt or ridicule.

Boise State University

2016 Annual Security and Fire Safety Report

The provisions of subsections (1) and (2) of this section shall not affect the age requirements in any other provision of law, unless otherwise provided in any such law. Further, for the purposes of subsection (2) of this section, in determining whether the perpetrator is three (3) years or more older than the female, the difference in age shall be measured from the date of birth of the perpetrator to the date of birth of the female.

Idaho Code § 18-6108 - Male Rape:

Male rape is defined as the penetration, however slight, of the oral or anal opening of another male, with the perpetrator's penis, for the purpose of sexual arousal, gratification or abuse, under any of the following circumstances:

- (1) Where the victim is under the age of sixteen (16) years and the perpetrator is eighteen (18) years of age or older.
- (2) Where the victim is sixteen (16) or seventeen (17) years of age and the perpetrator is three (3) years or more older than the victim.
- (3) Where the victim is incapable, through any unsoundness of mind, whether temporary or permanent, of giving consent.
- (4) Where the victim resists but his resistance is overcome by force or violence.
- (5) Where the victim is prevented from resistance by threats of immediate and great bodily harm, accompanied by apparent power of execution.
- (6) Where the victim is prevented from resistance by the use of any intoxicating, narcotic, or anesthetic substance administered by or with the privity of the accused.
- (7) Where the victim is at the time unconscious of the nature of the act, and this is known to the accused.

The provisions of subsections (1) and (2) of this section shall not affect the age requirements in any other provision of law, unless otherwise provided in any such law. Further, for the purposes of subsection (2) of this section, in determining whether the perpetrator is three (3) years or more older than the victim, the difference in age shall be measured from the date of birth of the perpetrator to the date of birth of the victim.

Idaho Code § 18-6608 - Forcible Sexual Penetration by Use of Foreign Object:

Every person who, for the purpose of sexual arousal, gratification or abuse, causes the penetration, however slight, of the genital or anal opening of another person, by any object, instrument or device, against the victim's will by use of force or violence or by duress, or by threats of immediate and great bodily harm, accompanied by apparent power of execution, or where the victim is incapable, through any unsoundness of mind, whether temporary or permanent, of giving

Boise State University

2016 Annual Security and Fire Safety Report

legal consent, or where the victim is prevented from resistance by any intoxicating, narcotic or anesthetic substance, shall be guilty of a felony and shall be punished by imprisonment in the state prison for not more than life.

University Policy

Sexual Misconduct: A form of harassment on the basis of sex. To be a violation of this policy, the conduct must be based on power differentials (“quid pro quo”) or create a hostile environment. Sexual misconduct includes any of the following:

1. Sexual Harassment: Harassment on the basis of sex or gender includes, but is not limited to:

- an attempt to coerce an unwilling person into a sexual relationship;
- to repeatedly subject a person to unwelcome sexual attention, unwanted comments, or communications or jokes of a sexual nature or about their sexual experiences or orientation;
- to punish a refusal to comply with a sexual request;
- to condition a benefit on submitting to sexual advances;
- stalking, if predicated on a target’s sex or gender;
- threatened or actual sexual violence; and
- bullying someone on the basis of sex or gender including for exhibiting what is perceived as a stereotypical characteristic for their sex or for failing to conform to stereotypical notions of masculinity and femininity, including repeated use of degrading words, gestures, or sounds to describe a person.

2. Unwanted sexual contact (or attempts thereof): Any intentional sexual contact (whether with a body part or a foreign object) by one person upon another, performed without consent. Examples of sexual contact include:

- Contact with the breasts, buttock, groin, or genitals, or touching of another with any of these body parts;
- Making a person touch themselves or another person with or on the breasts, buttocks, groin, or genitals; and
- Bodily contact in a sexual manner, though not involving contact with breasts, buttocks, groin, genitals, mouth, or other orifice.

3. Non-consensual sexual intercourse (or attempts thereof): Sexual intercourse in which one party has not freely agreed to participate, whether or not it is performed through force. Sexual intercourse includes vaginal penetration by a

penis, object, tongue or finger, anal penetration by a penis, object or finger, and mouth to genital contact, no matter how slight the penetration or contact.

4. Sexual Exploitation: Non-consensual or abusive sexual behavior which does not fit within one of the other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to:
- Invasion of sexual privacy;
 - Prostituting of a Member of the University Community;
 - Non-consensual recording of any form of a sexual activity;
 - Duplication, distribution, or publication of a consensually made recording of a sexual activity without the consent of all parties involved in the recorded sexual act;
 - Going beyond the boundaries of consent, including letting someone else watch a consensual sex act while hiding;
 - Knowingly viewing, photographing, or filming another person without that person's knowledge and consent, while the person being viewed, photographed, or filmed person is in a place where there is a reasonable expectation of privacy;
 - Knowingly transmitting a sexually transmitted infection to a Member of the University Community; and
 - Exposing one's genitals or inducing another to expose their genitals in non-consensual circumstances.

C. Stalking

Idaho State Law

Idaho Code § 18-7905 - Stalking in the First Degree:

(1) A person commits the crime of stalking in the first degree if the person violates section 18-7906, Idaho Code, and:

- (a) The actions constituting the offense are in violation of a temporary restraining order, protection order, no contact order or injunction, or any combination thereof; or
- (b) The actions constituting the offense are in violation of a condition of probation or parole; or
- (c) The victim is under the age of sixteen (16) years; or
- (d) At any time during the course of conduct constituting the offense, the defendant possessed a deadly weapon or instrument; or
- (e) The defendant has been previously convicted of a crime under this section or section 18-7906, Idaho Code, or a substantially conforming foreign criminal

Boise State University

2016 Annual Security and Fire Safety Report

violation within seven (7) years, notwithstanding the form of the judgment or withheld judgment; or

(f) The defendant has been previously convicted of a crime, or an attempt, solicitation or conspiracy to commit a crime, involving the same victim as the present offense under any of the following provisions of Idaho Code or a substantially conforming foreign criminal violation within seven (7) years, notwithstanding the form of the judgment or withheld judgment:

- (i) [Chapter 9, title 18](#);
- (ii) [Chapter 15, title 18](#);
- (iii) [Chapter 61, title 18](#);
- (iv) Section [18-4014](#) (administering poison with intent to kill);
- (v) Section [18-4015](#) (assault with intent to murder);
- (vi) Section [18-4501](#) (kidnapping);
- (vii) Section [18-5501](#) (poisoning);
- (viii) Section [18-6608](#) (forcible sexual penetration by use of foreign object);
- (ix) Section [18-7902](#) (malicious harassment); or
- (x) Section [18-8103](#) (act of terrorism).

....

Idaho Code §18-7906 - Stalking in the Second Degree:

(1) A person commits the crime of stalking in the second degree if the person knowingly and maliciously:

(a) Engages in a course of conduct that seriously alarms, annoys or harasses the victim and is such as would cause a reasonable person substantial emotional distress; or

(b) Engages in a course of conduct such as would cause a reasonable person to be in fear of death or physical injury, or in fear of the death or physical injury of a family or household member.

(2) As used in this section:

(a) “Course of conduct” means repeated acts of nonconsensual contact involving the victim or a family or household member of the victim, provided however, that constitutionally protected activity is not included within the meaning of this definition.

(b) “Family or household member” means:

(i) A spouse or former spouse of the victim, a person who has a child in common with the victim regardless of whether they have been married, a person with whom the victim is cohabiting whether or not they have married or have held themselves out to be husband or wife, and persons related to the victim by blood, adoption or marriage; or

(ii) A person with whom the victim is or has been in a dating relationship, as defined in section [39-6303](#), Idaho Code; or

Boise State University

2016 Annual Security and Fire Safety Report

- (iii) A person living in the same residence as the victim.
- (c) “Nonconsensual contact” means any contact with the victim that is initiated or continued without the victim’s consent, that is beyond the scope of the consent provided by the victim, or that is in disregard of the victim’s expressed desire that the contact be avoided or discontinued. “Nonconsensual contact” includes, but is not limited to:
 - (i) Following the victim or maintaining surveillance, including by electronic means, on the victim;
 - (ii) Contacting the victim in a public place or on private property;
 - (iii) Appearing at the workplace or residence of the victim;
 - (iv) Entering onto or remaining on property owned, leased or occupied by the victim;
 - (v) Contacting the victim by telephone or causing the victim’s telephone to ring repeatedly or continuously regardless of whether a conversation ensues;
 - (vi) Sending mail or electronic communications to the victim; or
 - (vii) Placing an object on, or delivering an object to, property owned, leased or occupied by the victim.
- (d) “Victim” means a person who is the target of a course of conduct.

....

University Policy

Stalking: Stalking is a course of conduct directed at a specific person that would cause a reasonable person to feel fear or substantial emotional distress. Stalking on the basis of sex or gender that creates a hostile environment is a form of harassment under this policy. For the purpose of this definition, a pattern of behavior is defined as two or more incidents. Stalking behaviors may include, but are not limited to:

1. Non-consensual communication including, in-person communication, telephone calls, voice messages, text messages, email messages, social networking site postings, instant messages, postings of pictures or information on websites, written letters or notes, gifts, or any other communications that are undesired and/or place another person in fear;
2. Following, pursuing, waiting, or showing up uninvited at a workplace, place of residence, classroom, or other locations frequented by the person being targeted by the behaviors;
3. Surveillance and other types of observation, whether by physical proximity or electronic means;
4. Trespassing;
5. Vandalism;
6. Non-consensual touching;

Boise State University

2016 Annual Security and Fire Safety Report

7. Direct physical and/or verbal threats against a person being targeted or that person's friends, family members, or animals;
8. Gathering of information about a person from that person's family, friends, co-workers, or classmates;
9. Manipulating and controlling behaviors such as threats to harm oneself or threats to harm someone close to the target of the behaviors; and
10. Defamation and slander of the person being targeted.

D. Consent

Idaho State Law

Idaho does not provide a general definition of consent (as it pertains to sexual activity), however there are components of different statutory offenses that speak to consent and are included in the applicable statutes above.

University Policy

Consent: Freely given agreement, which may be withdrawn at any time, to engage in a course of conduct. Neither silence, the absence of resistance, nor the existence of a prior consensual sexual relationship are sufficient to indicate consent. Consent cannot be given by those who are incapacitated by alcohol or illegal or prescription drugs, unconscious, asleep, harassed, coerced, threatened, or otherwise forced into sexual activity. Consent for sexual activity cannot be given by someone under 16 years of age; those who are 16 or 17 may only consent to sexual encounters with partners who are less than 3 years older.

Prevention and Awareness Programming Definitions

Primary Prevention Programs: Programming, initiatives and strategies intended to stop dating violence, domestic violence, sexual assault and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Awareness Programs: Community-wide or audience-specific programming, initiatives and strategies that increase audience knowledge, and share information and resources to prevent violence, promote safety and reduce perpetration.

Bystander Intervention: Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating

Boise State University

2016 Annual Security and Fire Safety Report

violence, domestic violence, sexual assault or stalking. Bystander intervention includes: recognizing situations of potential harm; understanding institutional structures and cultural conditions that facilitate violence; overcoming barriers to intervening; identifying safe and effective intervention options; and taking action to intervene.

Risk Reduction: Options designed to: decrease perpetration and bystander inaction; increase empowerment for victims in order to promote safety; and help individuals and communities address conditions that facilitate violence.
