

Club Sport Allocation Structure

Below is an outline to tailor allocation of funding for all clubs.

Range of Allocations

Each club can ask a maximum amount based on the number of participants, travels, and home games their club has. If a club team qualifies for the max of each allocation range, that club can request for the maximum amount of \$4,000.

OTHER IMPORTANT INFORMATION

Community Service Projects:

- Each Club must complete a minimum of two (2) community service projects with 75% of membership or three (3) community service projects at 51% of membership at time service per academic year
- Failure to complete community service projects will result in 50% loss of next year's allocation from the Club Sports Council.

Facility:

Club Sports Council can allocate up to 25% of a club's off-campus facility expenses at their discretion. Team must show a need for an off-campus facility (i.e. historical, on-campus construction, club expansion)

Penalty for failing to send a club officer to a required meeting:

1st meeting – Loss of \$50 in university funding.

2nd meeting – Loss of \$100 in university funding.

3rd meeting – Loss of \$150 in university funding.

4th meeting or more meetings – Loss of entire university funding.

Completion of administrative work:

The Club Sports Administration will rate each club's ability to complete administrative work on time as well as attending club sport meetings. The Club Sports Council will then deduct from next year's allocation based on the officer's ability to complete the current year's administrative work.

Completing Administrative Work on Time	Club Allocation Range
5	Always
4	Consistently
3	Sometimes
2	Rarely
