

Good evening! We encourage all institutions to check their eligibility status of their institution each year. However, in accordance with the [Regulatory Freeze Pending Review](#), we await regulatory review and approval to conduct the FY2025 Eligibility Designations and Applications for Waiving Eligibility Requirements; Programs under Parts A and F of Title III and Programs under Title V of the Higher Education Act of 1965, as Amended (HEA) process. As a result, the opening of Eligibility is on hold until further notice. We encourage you to visit the [Eligibility website](#) for updates. We're anticipating it to open in a few weeks. Thank you for your understanding in this matter.
